THE RAM

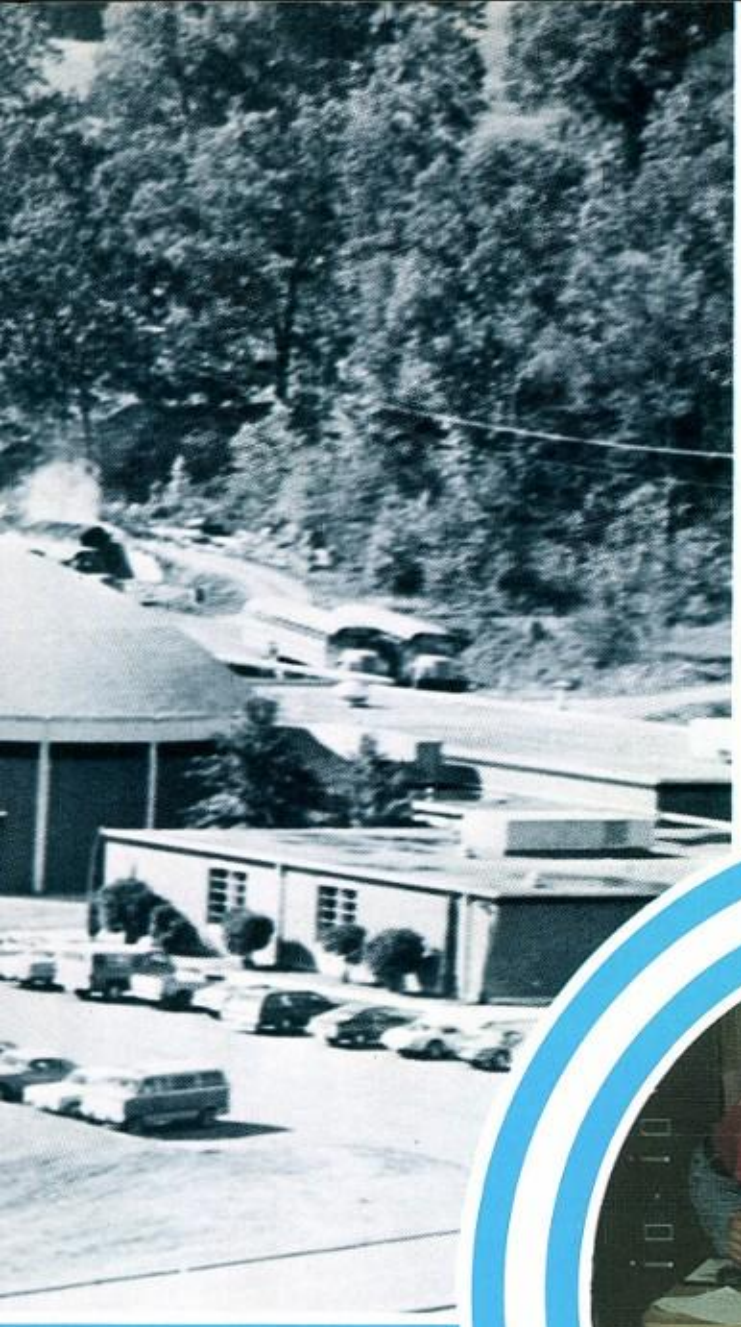
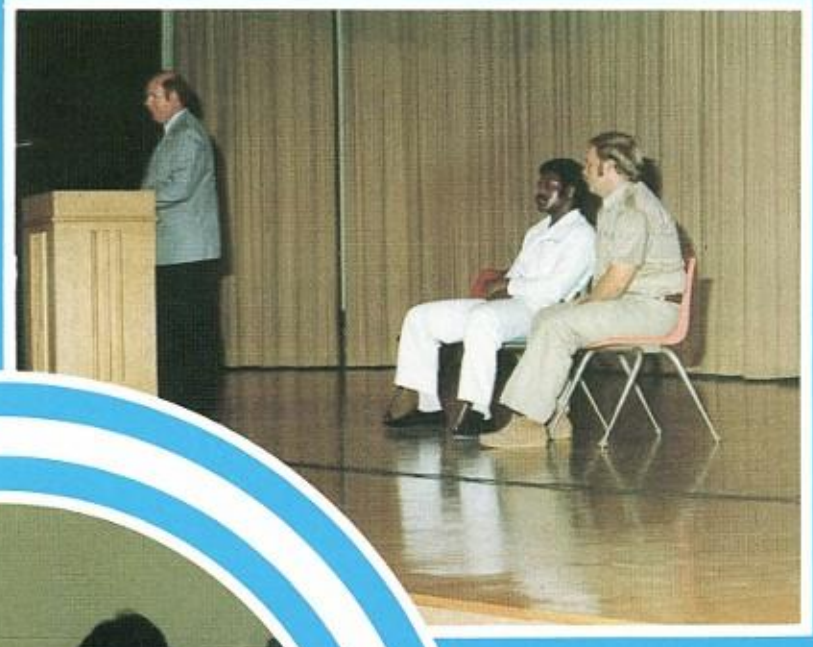
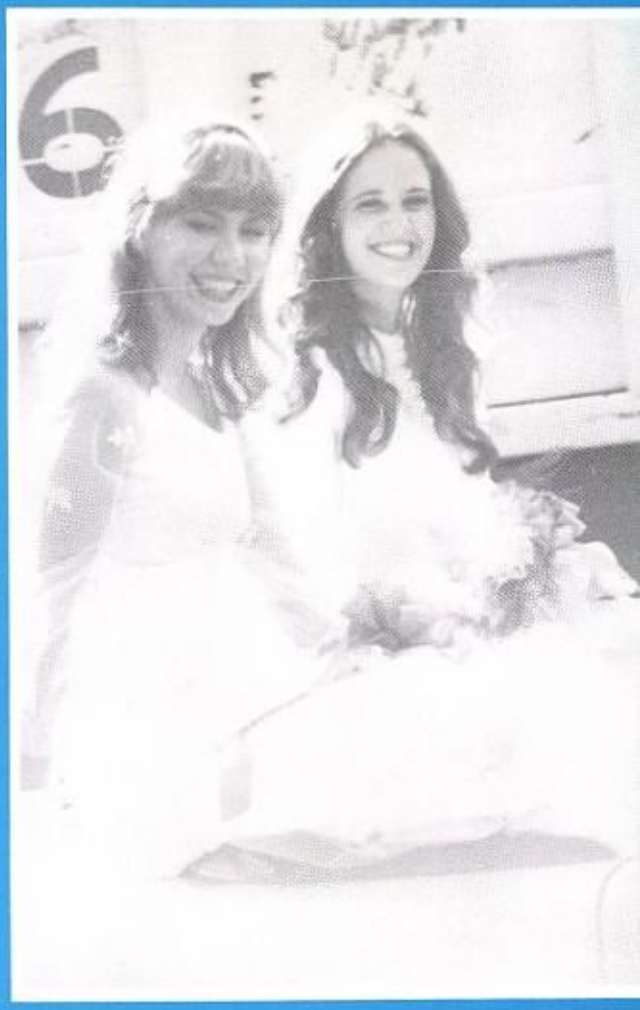
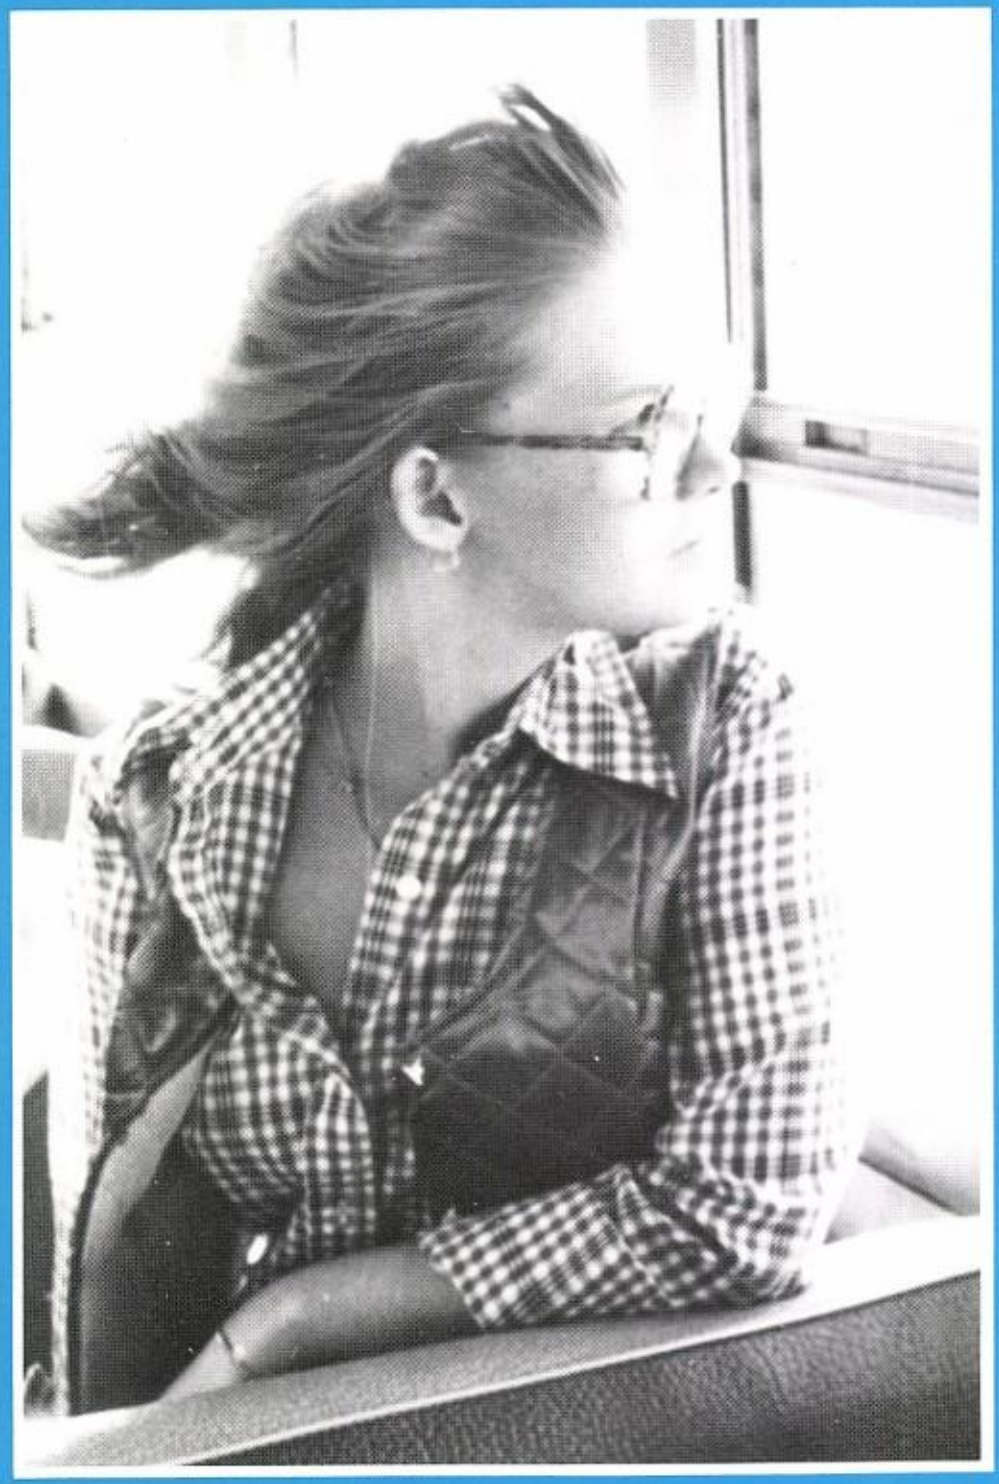
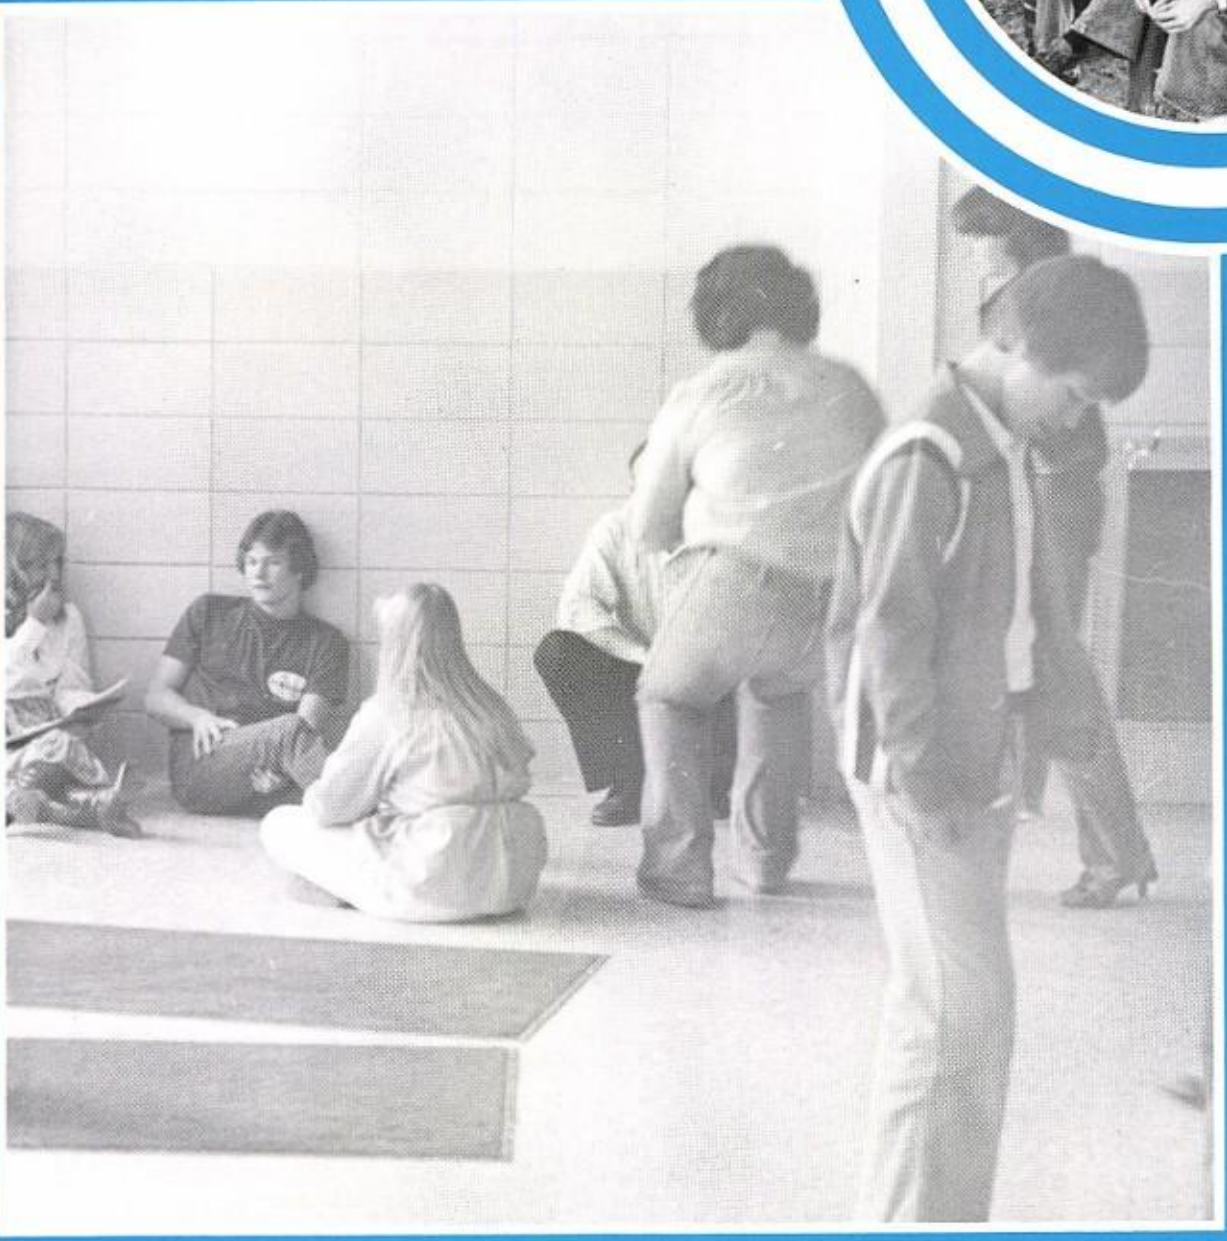
Let's you and me
ponder the remembrances
that linger quietly in our thoughts.
When thoughts of yesterday
slip into a comfortable corner
of our minds,
we dream of today
and all the special gifts
that are presented to us
in these wondrous years.
We often accept today blindly,
taking it for granted.
Perhaps we should
unveil our eyes
and look at these times —
our high school years.
Let's take a closer look.



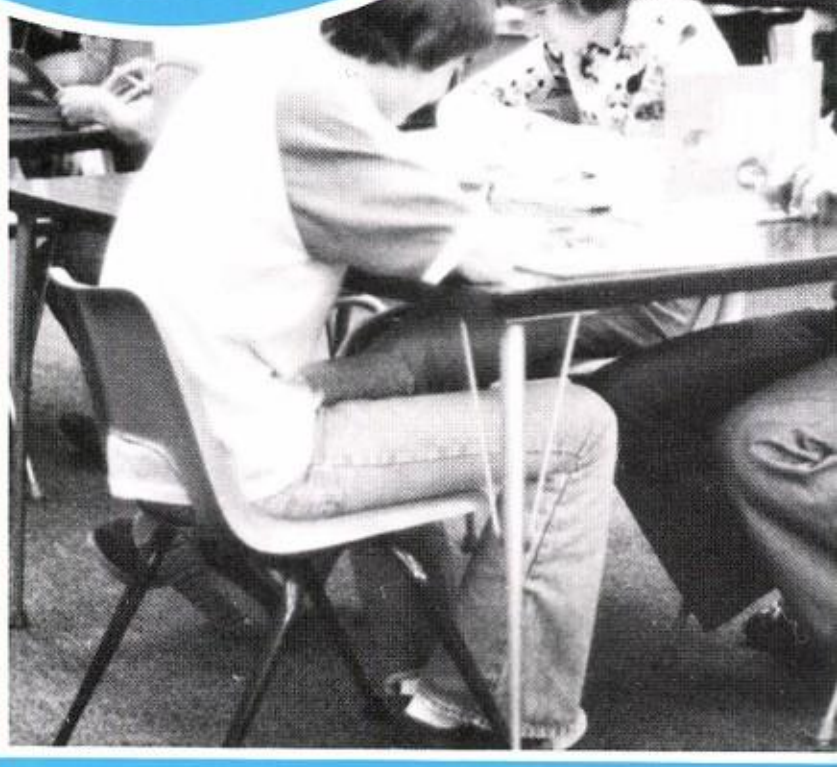


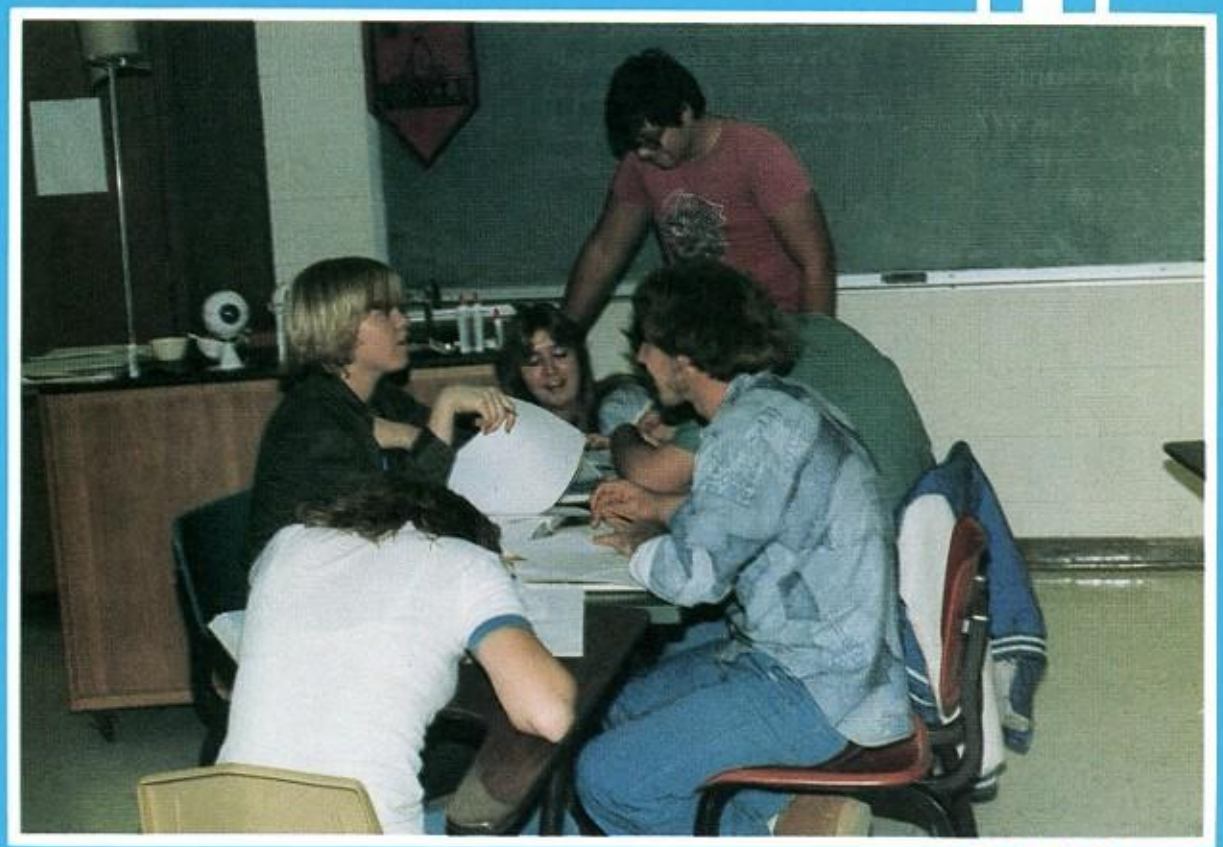






An important part of high school is friendships. Some are easily forgotten, while others lie eternally in a special part of our hearts.
While walking down the hall, we see a myriad of youthful faces, yet a few shine forth as special chapters in our lives.





Of course, school is for the purpose of an education.
Books, exams, compositions, math problems crowd our minds in a sea of confusion.
We grumble and complain
that we have no time.
Yet beneath the cloud of complaints,
lie eager young minds,
yearning to accomplish.

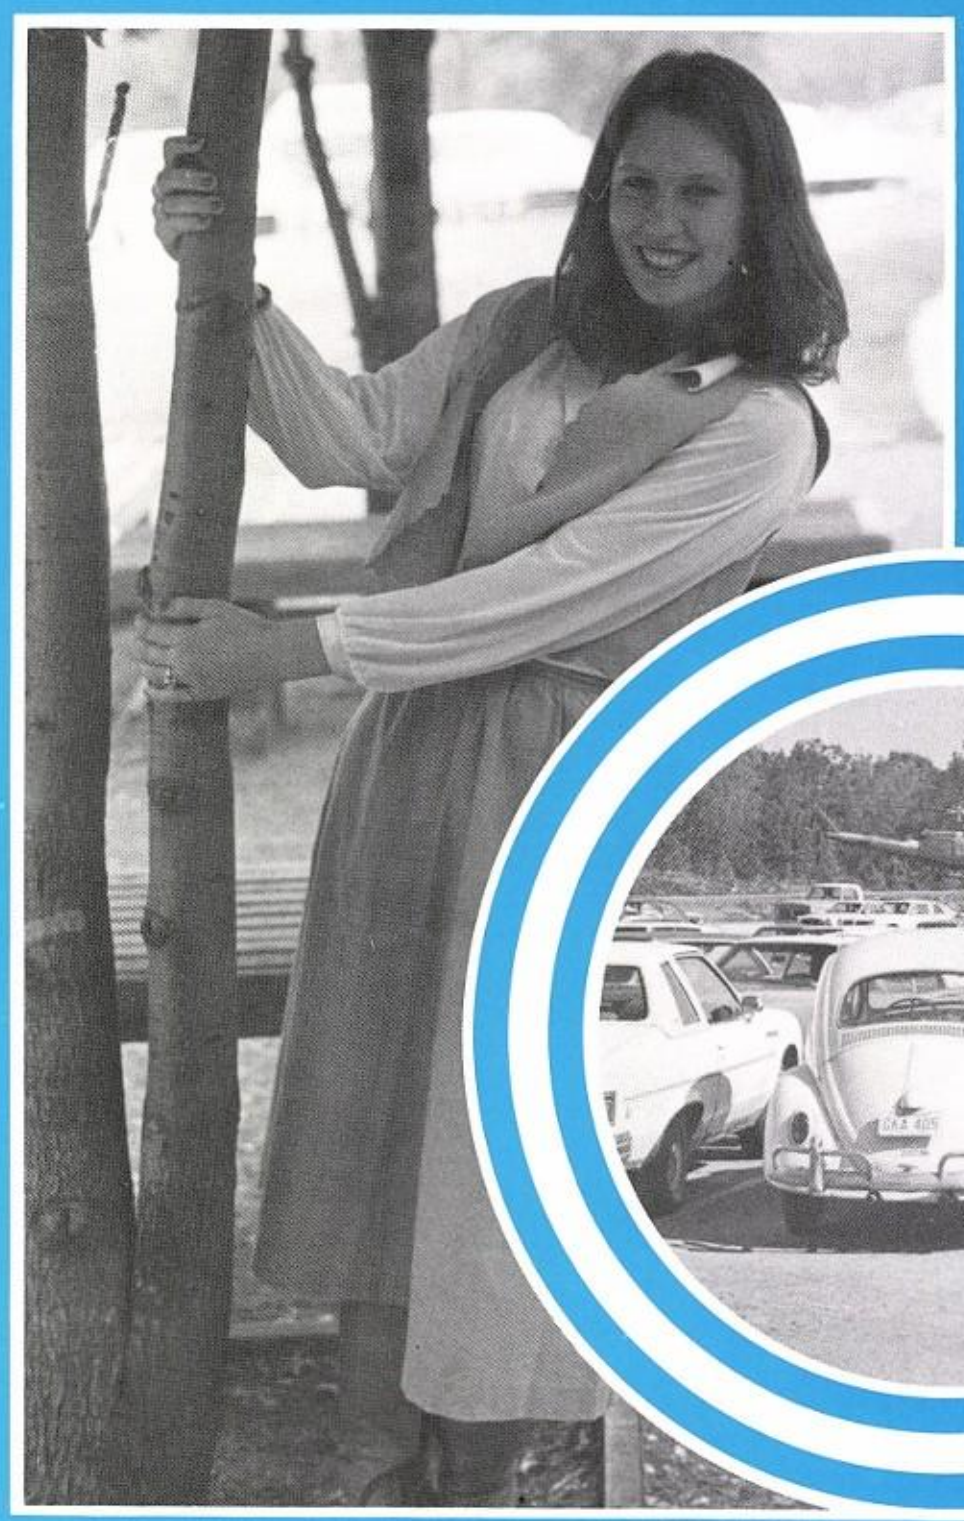
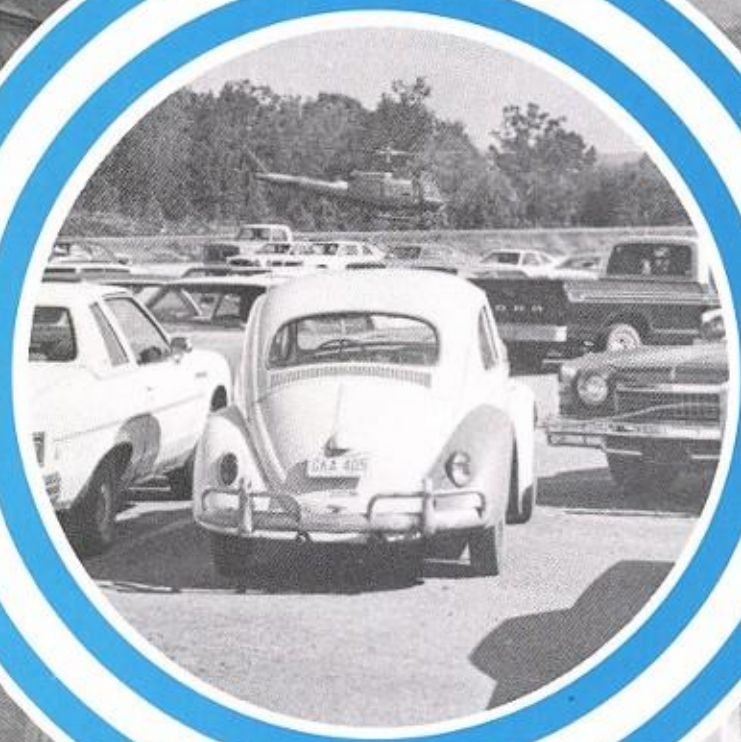
The cheers, the drama, the thrills
of athletic games on a crisp autumn night
amid friends and screaming fans are vital parts
of our high school years.
We see our friends battling the opposition,
representing the omnipotent factor of pride.
As our players push toward our goal of victory,
we the fans
are sharing their triumphs and defeats
as we scream and cheer in the bleachers.





As we look back in our parents' yearbooks,
we laugh at the "ridiculous" clothes
and "funny-looking" souped-up jalopies.
Of course, in a few years' time,
we will look back at our own yearbooks.
Will we chuckle at
straight-leg jeans, blazers, soft silky blouses,
colorful rugby shirts, and painters' pants?
Is it possible that we will be amused
by pictures of
a really cool red '79 Camaro with a sun roof,
a cute little baby-blue Volkswagen, or a Datsun 280-Z?
Naturally, we will all laugh
at these teen-age imageries,
yet it is impossible to foresee
the fashions and cars of tomorrow.

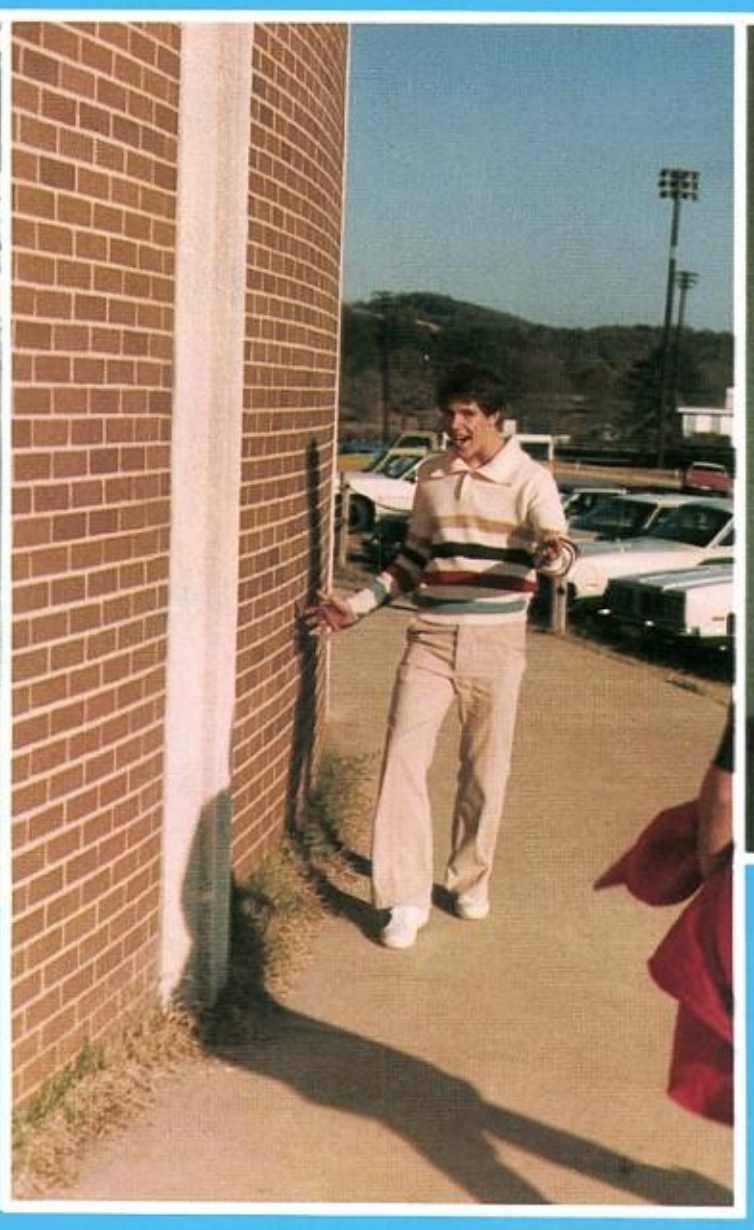
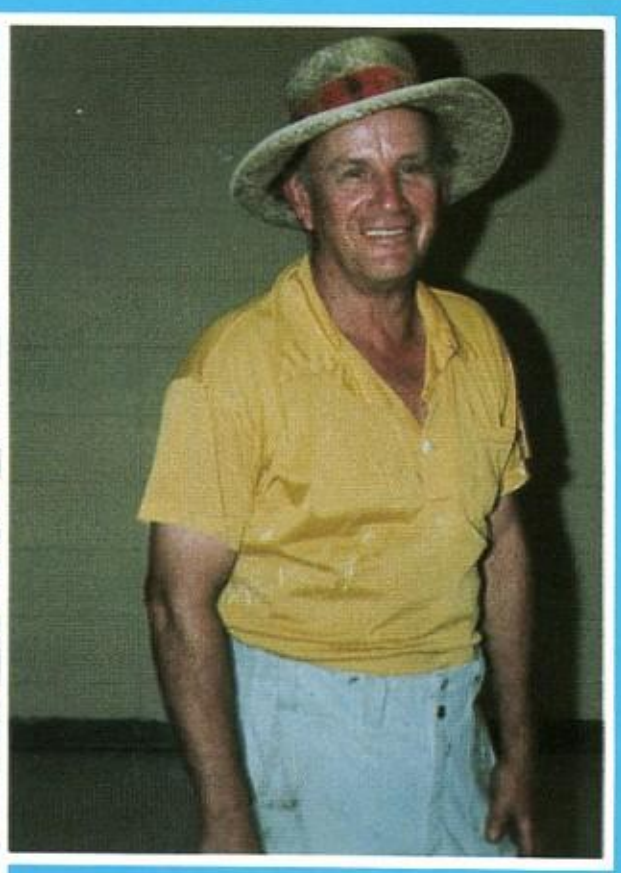
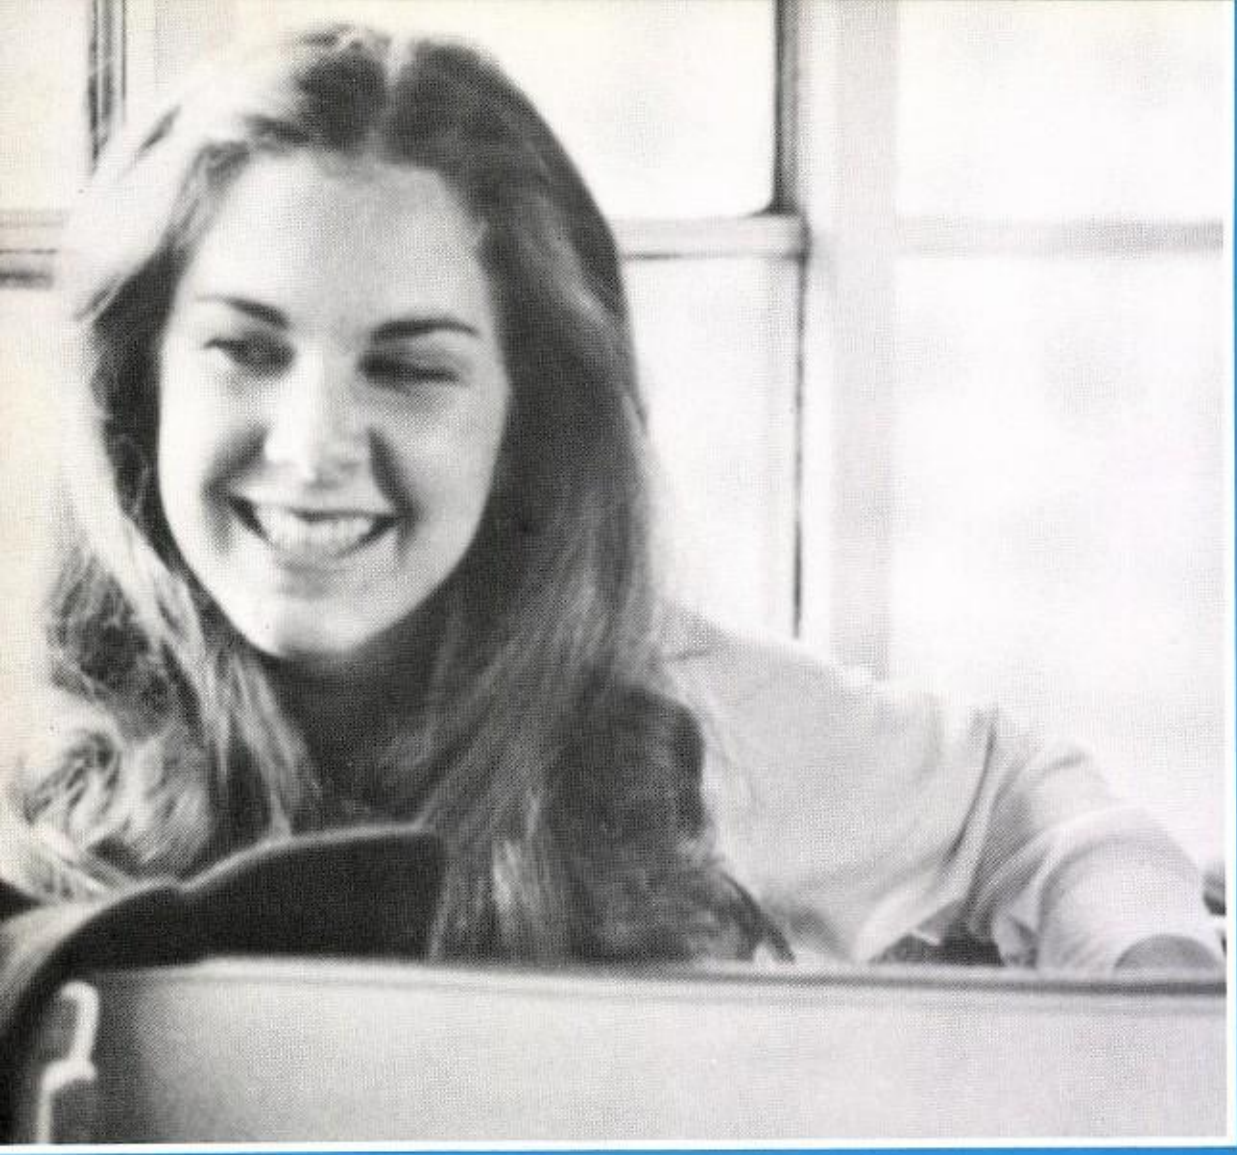
RAMS







We will leave you now
to enjoy the precious memories
enveloped in these pages.
We hope that you will treasure
your high school years at Lakeside.
When looking back on our high school years, we will remember the friendships, the frustrations and satisfactions of knowledge, the thrills of cheering for our team, and the "in" look for clothes and cars.
However, most of all,
we will remember
a deeper, more significant part of
Lakeside — that which remains in a
special corner of our hearts.

Although Lakeside had a rough football season in 1978, we were proud of our Rams! Throughout the rugged season, they showed a determined fighting spirit that paid off in their efforts to win for LHS.

Lakeside went into its homecoming game on October 20 to defeat Camden Fairview. The first score of the game came to Lakeside on a 20-yard pass from Donny Reed to Jerry Sears. Craig Smith went in for 2 points and Lakeside led 8-0 in the first quarter. Lakeside held Fairview scoreless and mounted a 50 yard drive to the goal. Reed went in from 1 yard out to score. Lakeside led at the half 16-0. Lakeside went on to win their homecoming by a score of 22-14.

On November 3rd, Lakeside met the Cabot Panthers and came away victorious. The first score of the game belonged to Lakeside QB Donny Reed, when he ran 87 yards for a touchdown. The two-point conversion failed. Cabot came back to score on a 40-yard pass. Cabot was moving the ball until they fumbled into the backfield, and Todd Grisham picked it up and ran 35 yards for a touchdown. By the end of the half, Lakeside was ahead 20-6. Lakeside went on to win by a score of 28-28. The Rams started their 1978 season with a loss, but ended with a victory. This goes to show that time and time again, A RAM NEVER QUITS!

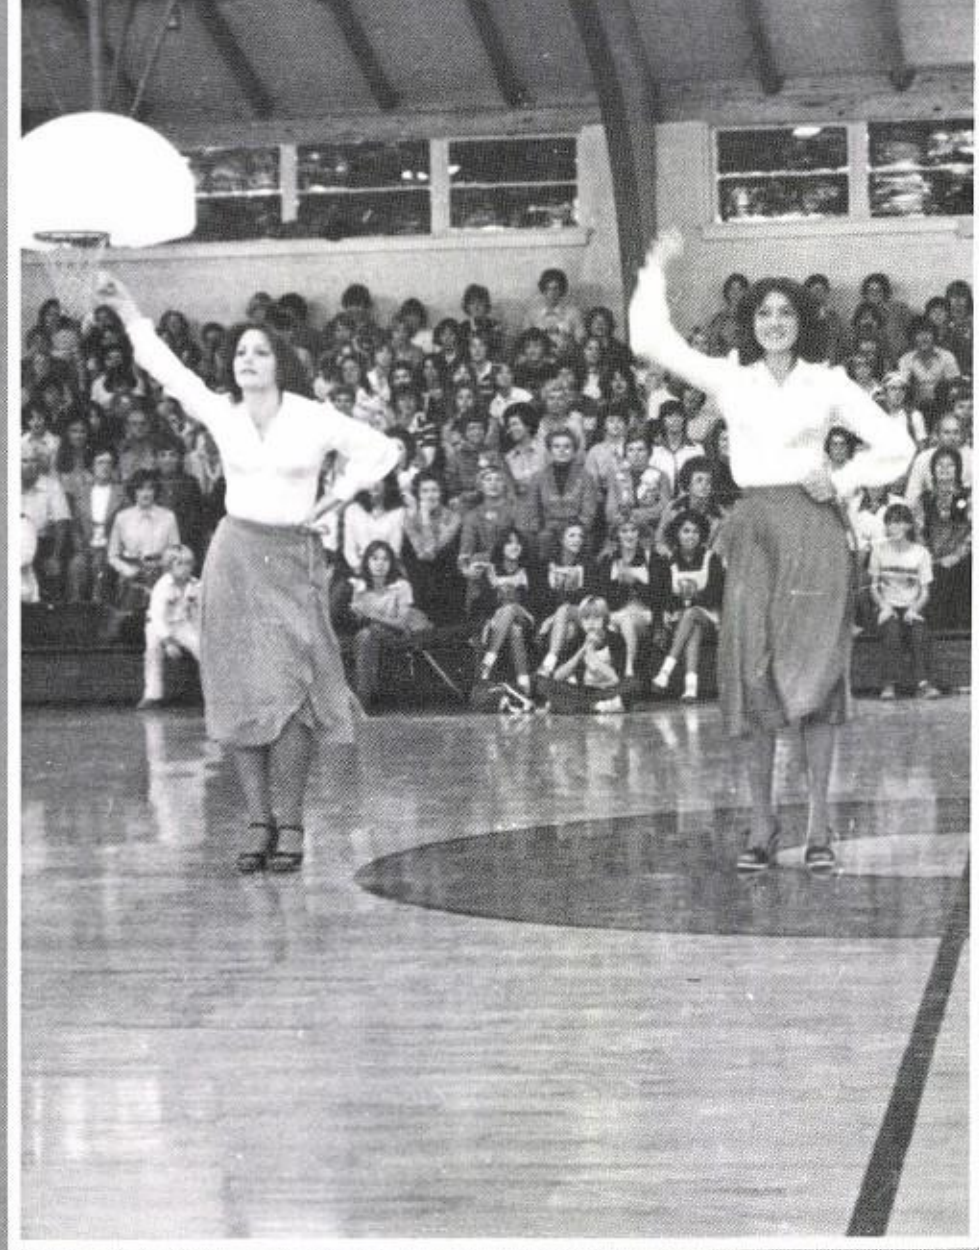
REFLECTIONS

Once again, Lakeside has continued its tradition of spectacular homecomings. The glitter and grandeur of this event was apparent as the Ram Field House was packed with royalty, escorts, parents, students, faculty, and participants who had all been looking forward to October 20th for several weeks.

The afternoon ceremonies began with the traditional presentation of the colors and the singing of the National Anthem. Then, the student speakers introduced and explained the subject of Reflections. The theme of Reflections was chosen because each member of Lakeside High School remembers in a wistful moment all the glories, frustrations, friendships, and joys that he experiences in high school.



After the aura of reflections was established, and the 1978 Football Homecoming Royalty and Escorts were introduced, various groups opened a colorful display of talent in honor of the royalty. These groups included: The Madrigals, Bel Canto, Cheerleaders, Golddusters, Band, Flag Corps and Majorettes, Dramatic Speakers, and several disco dancers.

Among the highlights of the afternoon was Coach Austin's philosophy of his football players, team spirit, and the staunch Lakeside pride.

To the Ram football team, Lakeside warmly congratulates you on your dedication and pride. Lakeside also salutes the royalty, who are representative of Lakeside spirit.

Reflections become a part of our minds and hearts as we at Lakeside gaze fondly back at the 1978 Football Homecoming.

homecoming

The day began with the excitement of the morning ceremonies in a field house full of students, faculty, proud parents, and many other participants. The ceremonies consisted of the homecoming theme "Over the Rainbow." The royalty and the students were urged to "Look to the Rainbow" in a song by Gilda, the "Good Witch of the South." A scarecrow, a tin woodsman, a cowardly lion, and a couple of dramatic speakers became enthusiastic about the prospect of traveling over the rainbow. All were reminded of the importance of using what we have learned in high school to make the future successful.

Upon the introduction of the members of the royalty, a number of groups paid their tributes. Those offering their displays of talent in honor of the royalty included the cheerleaders, band, chorus, madrigals, and several drama and speech students.

All those at Lakeside should be filled with enthusiastic anticipation of the future. As we look to the rainbow ahead, however, we should not forget to cast an occasional glance to the fond and fleeting memories of our past.

As a recepient of the International Scholarship Program, Marsha has had an exciting ten month stay in Wildbad, Germany with the Roessler family. She has studied Math, German, English, Choir, Biology and Sports in the German school. One of the highlights of her stay was a trip to Berlin and to communist East Germany. She also visited the Swiss Alps and the Austrian border.

Our school is very proud of Marsha and pleased that she has had so many memorable experiences as a Lakeside senior in Germany.

The purpose of **French Club** is to extend an understanding and appreciation of the French culture beyond the classroom. As part of the culture, students learn about French cooking, family life, and political beliefs. These customs are explained through programs including music, films, speakers, a trip to New Orleans, and having dinner at Le Mirabelle, and local French restaurant. French Club also participates annually in a state French-speaking contest and festival at UALR. French Club membership is open to any student studying French or having previously completed one year of French.

THESPIANS

The purpose of a thespian society is to advance the standards of excellence in theater arts in the secondary schools and to honor those students who have done outstanding work in school theater programs. The society strives to widen the students' and community's cultural horizons by stressing continued participation in the arts.

To become a thespian at Lakeside, a student must have earned at least ten (10) points by acting, directing, producing, doing business work, or writing sections of a play.

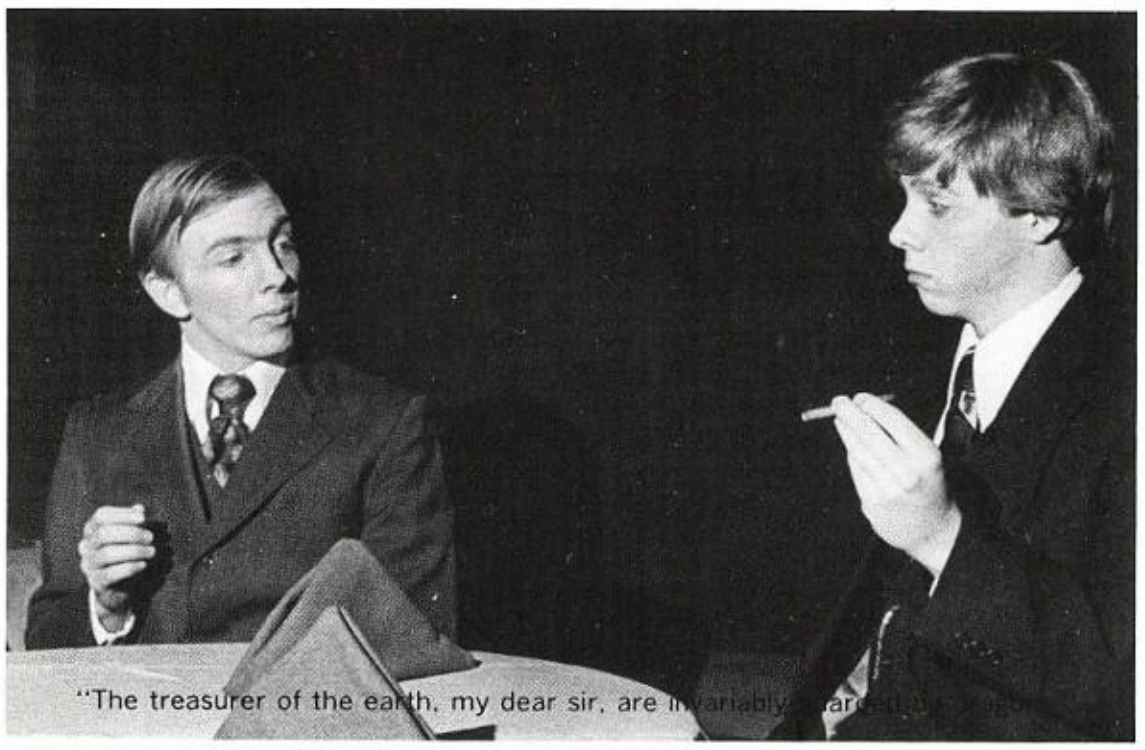
OF CHAILLOT

"Are you a lover of life or a tax collector?"



"The treasurer of the earth, my dear sir, are invariably [illegible]"

On March 15 and 16 Lakeside Thespian Troupe 2123 presented its annual play. This year's production, entitled "The Madwoman of Chaillot," was an unusual play.

Set in Paris, France in an area called Chaillot, there is no established time period; instead, the time is described as being "sometime next year." "The Madwoman of Chaillot" is a light comedy, yet it has a deeper meaning. The central theme is good versus evil. The protagonist, the Madwoman, tries to destroy all wickedness during an afternoon tea in her cellar. Assorted vagabonds, servants, and other madwomen are determined to help the Madwoman in her fight against crime by holding a court case which exterminates the criminals. The play ends on an endearing note as the Madwoman returns to her delightful existence of make-believe.

"The Madwoman of Chaillot" is an unusual production, mainly due to the large cast of over fifty people. The production required weeks of dedicated practice and total cooperation.

Besides these, they performed for both homecoming ceremonies and various school functions. The grand finale was the Third Annual Madrigal Concert. Special variety acts were featured along with a tribute to Broadway entitled "Hats Off to Broadway."

This spring the Madrigals attended region and state competitions, receiving Superior ratings at both events.

In mid-August the members of the Lakeside High School Band began work for the marching season and continued to work throughout the school year. The group played for all pep assemblies, for all football games - both at home and away. The band also performed at varsity basketball games.

The senior band competed in the Ashdown and Camden Invitational Marching Contests and marched in several parades - the Lakeside Homecoming Parade, the Hot Springs Christmas Parade, the State Fair Parade, the United Way Parade, and the Garland County Fair Parade.

Several band members won individual honors in all-region competiton - Kim Rucks, Monte Thornton, Al Arduengo, Howie Sublett, Carl Long, Alan German, Charlie Wehrman, Dennis Chapman, Tom Daley.

Senior high all-region band includes: Terri Thiemann, David Moen, Marie Steinbrenner, Twyla Nash, Marvin Blair, and Greg Batterton.

As an indication of individual talent, the junior and senior high band members own a total of 75 first and second place division medals at the Region III Solo and Ensemble Contest.

freshman cheerleaders

The **freshman cheerleaders** were busy throughout the 1978-79 school year. They began their activities by selling soft drinks at softball games in order to raise money. During the school year, they cheered at all ninth grade athletic events, including football games and boys' and girls' basketball games. They also presented an original cheer to the basketball and football homecoming royalty. The freshman cheerleaders should be congratulated for their outstanding support of the ninth grade team.

In 1978 - 79, **Golddusters** added sparkle, poise, and vitality to Lakeside's sports events by performing original routines at all football and basketball games and pep assemblies. In addition, they marched in the homecoming and county parades.

During the summer, they attended camp and won the home routine trophy and the overall trophy.

The Golddusters spent many dedicated hours of practice in order to show their support of the various sports activities.

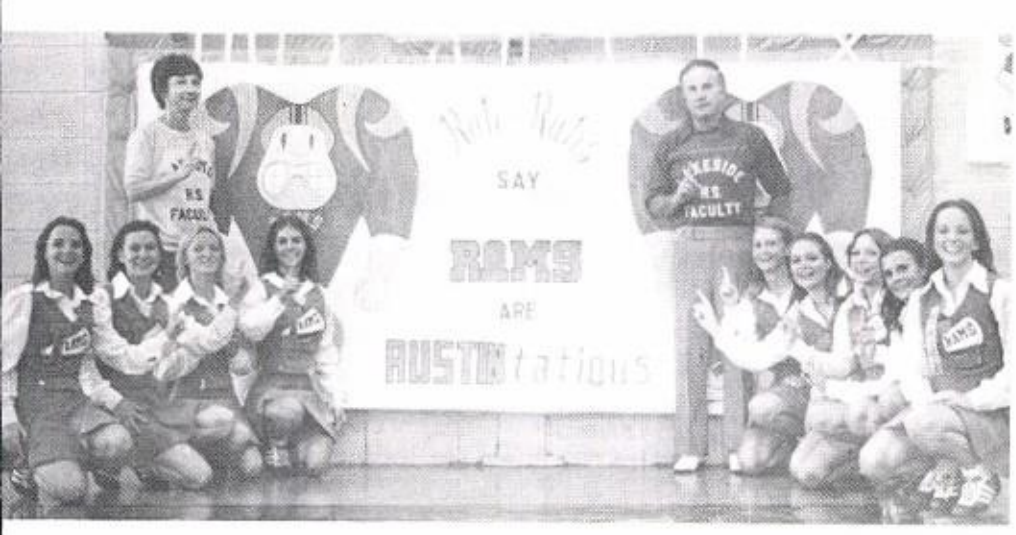
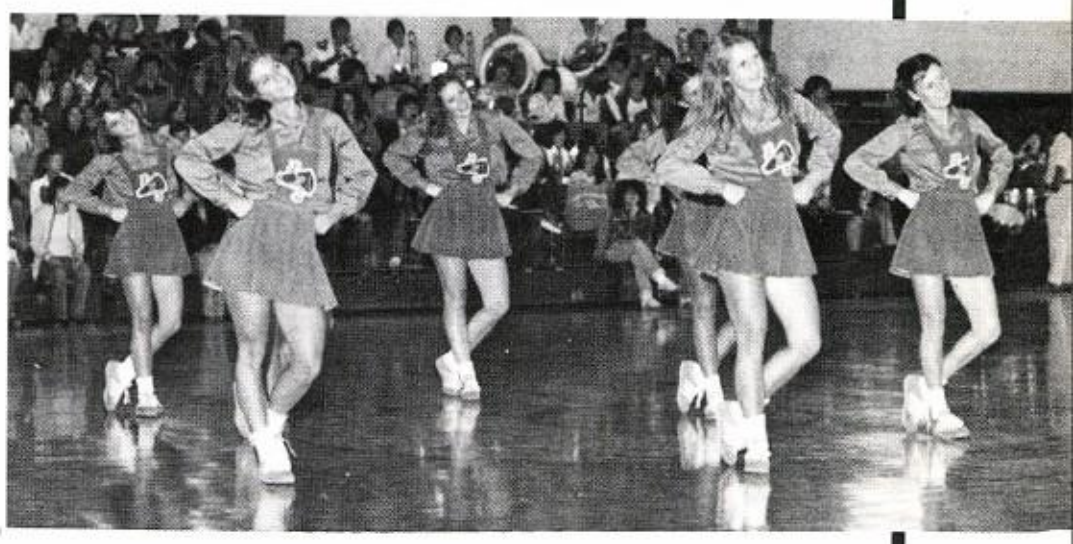
RAH RAHS





The 1978 - 79 Varsity Cheerleaders have shown their belief in the Rams. During the school year they cheered for the various Lakeside teams, both girls and boys. To promote better school spirit and sportsmanship, the members made signs to decorate the halls and sponsored football and basketball parties.

The Varsity Cheerleaders worked hard even before school started. They went to a cheerleading camp at Jonesboro and earned numerous awards: five superior ribbons, a super star ribbon, the spirit stick, the first place trophy in their division, and the award of Excellence (the highest award given). Also, Captain Kim Foster was chosen to be a National Cheerleading Association instructor.

BOYS AND GIRLS STATE

Three boys and two girls were chosen to represent Lakeside as delegates to Boys and Girls State. This is a significant honor because several students are carefully reviewed by members of the faculty scholarship committee, which is appointed by the principal. The students reviewed are selected according to their scholastic achievements, character, and service, not only to their school, but also to their community and church.

The purpose of Boys and Girls State is to provide a better understanding of the local, state, and national governmental procedures. During the students' stay at Boys and Girls State, a mock government is established. Each delegate is required to campaign for an official position. After the election of officials, the winners preside over their duties, taking their governmental responsibilities seriously and making important decisions. Each delegate who has attended Boys and Girls State returns to his community with a deeper appreciation and a better understanding of his or her government.

The Student Council, a vitally important group of any high school, serves as a liaison between students and administration. The members have a common goal of serving the student body, while at the same time, helping students to realize the serious nature of organizing and maintaining school activities, rules, and regulations.

In addition to serving the students, the council sponsored the following activities: Football and Basketball Homecomings, fall and spring dances, a homecoming sign contest, a grocery raffle, a magic show, and a Christmas tree ornament display.

Throughout history, man has recognized and marked those ho excel. In election to the National Honor Society, the hool faculty honors students for the attainments already ade and recognizes the promise for continued excellence. e National Honor Society looks upon education as a total oduct, measured by four dimensions of life ---- scholarship, adership, character, and service. Because of the members' hool-oriented interests, they have helped Lakeside by such tivities as selling football programs at all home games and rchasing two American flags. As a community service pro- t, they participated in the Garland County Drive to raise nds for the March of Dimes.

This year the yearbook staff members had the advantage of being able to work on the yearbook in commercial art class. The class met for one period each day to work on lay-out design, copy-writing, editing, advertising, merchandising, and photography. The student were divided in to groups that worked on the academic, activities and organizations, sports, advertisement, and photography sections of the yearbook. Each group was required to complete its own section to meet necessary deadlines. Often times, being a member of the yearbook staff meant hurrying to meet deadlines and working outside of class to complete a section. In addition to working on the yearbook, students also learned the rudiments of commercial art.

PANORAMA

The purposes of a school newspaper are to inform the students of past and upcoming school events, to allow the students to express their opinions, and to entertain its readers. This year the **PanoRama** attempted to fulfill these obligations toward its readers. The staff covered all major events, such as homecoming ceremonies, sports interviews, and club news by way of write-ups and photographs. Each member of the staff contributed a part of his talent, whether his talent was in writing, editing, photography, layout, bookkeeping, drawing, or typing.

This year has marked an advancement in the PanoRama, as it expanded to include elementary and middle school news as well as high school news. The members of the **PanoRama** learned many things by trial and error about journalism as they worked in an effort to produce an outstanding newspaper.

Future Teachers of America is an organization consisting of sophomores, juniors, and seniors who are interested in some aspect of education. Regularly scheduled monthly meetings were usually held in a member's home and often featured guest speakers and panel discussions. FTA members had the opportunity to deal directly with methods of education by organizing projects with the middle school's special education class on Halloween and Valentine's Day. These special projects and programs enabled the members of Future Teachers of America to better understand the educational process.

LIBRARY CLUB

The Library Club is a service organization whose members were on hand to help students and teachers alike. By helping others, they also helped themselves. Through practical experience, members of the Library Club learned the principles of handling and running a library smoothly and efficiently. Cooperation and perserverance were the bywords of the organization.

The main duties of its members were to check out and in library materials, keep materials organized, type and file cards and help the student body and faculty members locate materials.

The Library Club was not all work, though. Through the organization, lasting friendships were formed between its members and the student body and faculty.

FUTURE HOMEMAKERS OF AMERICA

The activities of the Future Homemakers of America in 1978-79 included a number of luncheons, a trip to the State Future Homemakers of America meeting, the annual mother-daughter banquet, and a Christmas tea where the girls modeled clothing from various businesses throughout Hot Springs. In addition to these group activities, some of the officers went to Jessiville to plan for the state meeting. Major money-making projects included working in the concession stands at games through the school year and selling cookbooks to the student body and other supporters.

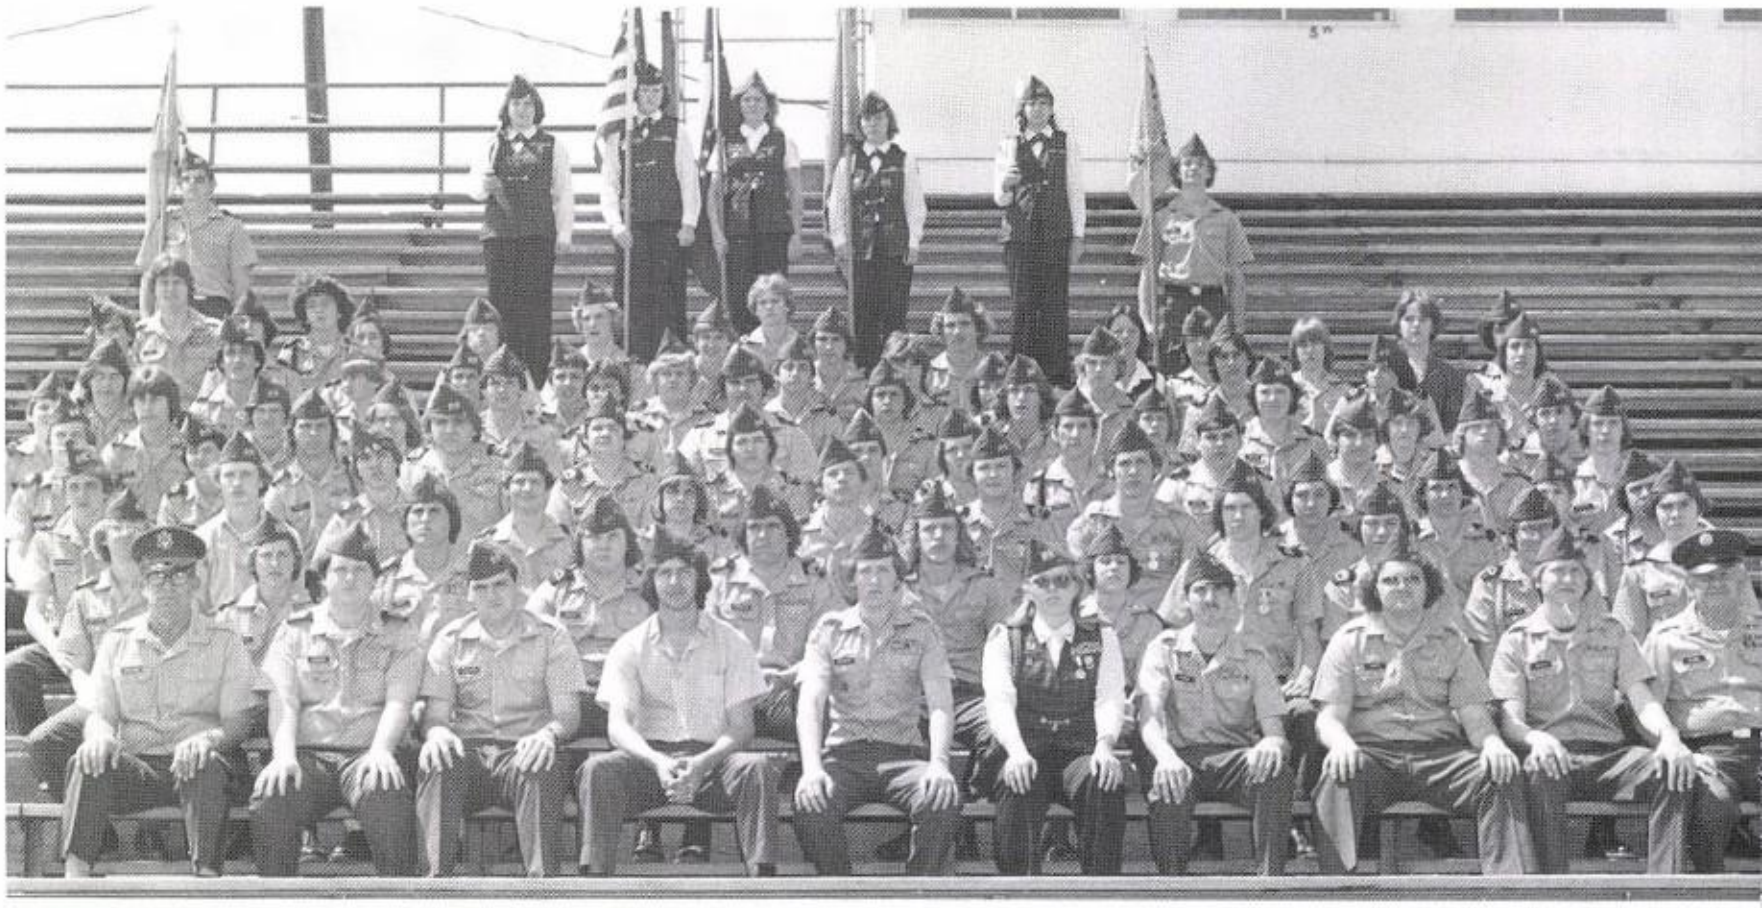
ROTC



The Junior ROTC program concluded another successful year. The ROTC students competed in four orienteering meets and nine rifle meets, taking first place team trophies in each event. The girls' color guard participated in their first meet, taking third place.

In addition, the Lakeside rifle team won the state championship for the fifth consecutive year. Four members of the rifle team were selected to attend a Junior Olympic match at Colorado Springs, Colorado. These boys were four of 110 chosen from the United States to compete in this match. Greg Wilson placed second, winning one gold and one silver medal; Holmes Scott placed fourth; Chip Sexton placed seventh; Bruce Kellar placed eighth.

Because of his high score, Greg Wilson was eligible to go to Fort Benning, Georgia, all expenses paid. There he competed in the Pan-American games, which is a step below the Olympics. The results of the games were not known until the end of the summer.

Also two cadets, Richard Sims and Scott Rinald, were selected as recipiants of four year Army ROTC scholarships.

ROTC

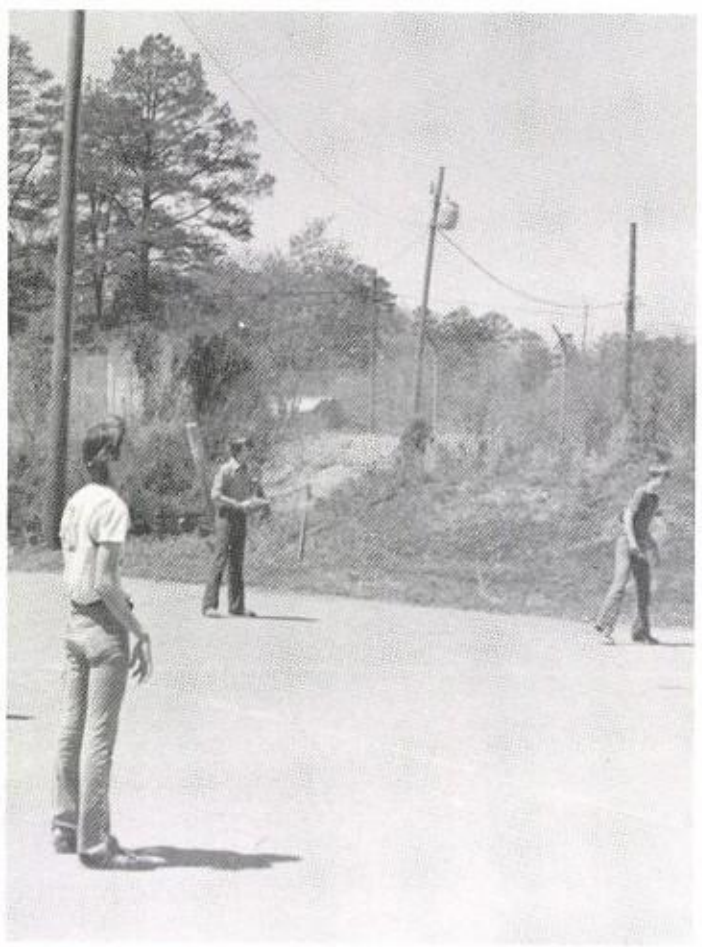
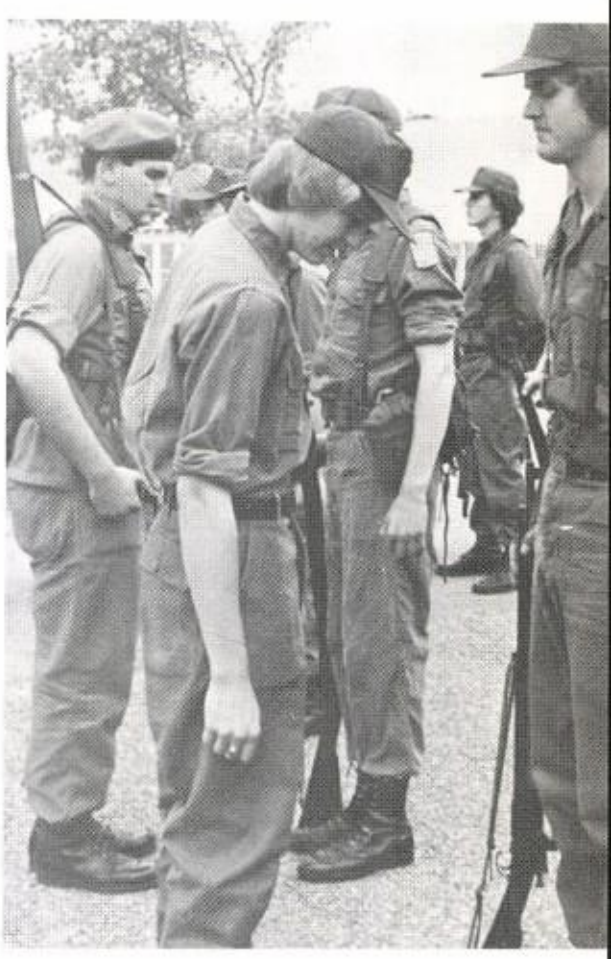
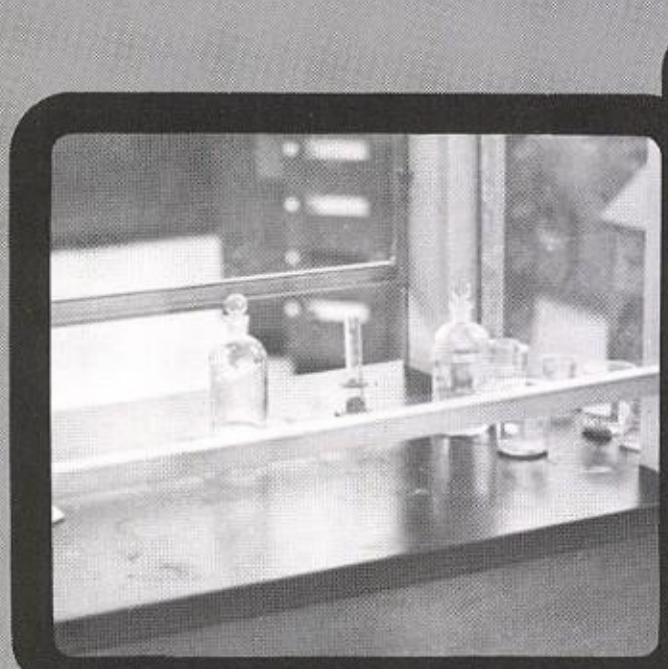
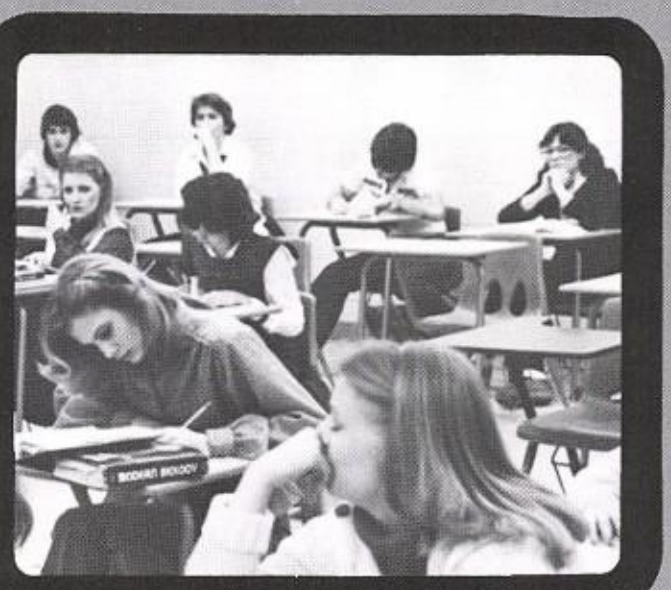
Willing ROTC students and faculty members were given the opportunity to take a helicopter ride. The helicopter, a UHD, was compliments of Fort Leonardwood, Missouri. The cadets and teachers were given an ariel tour of the city.

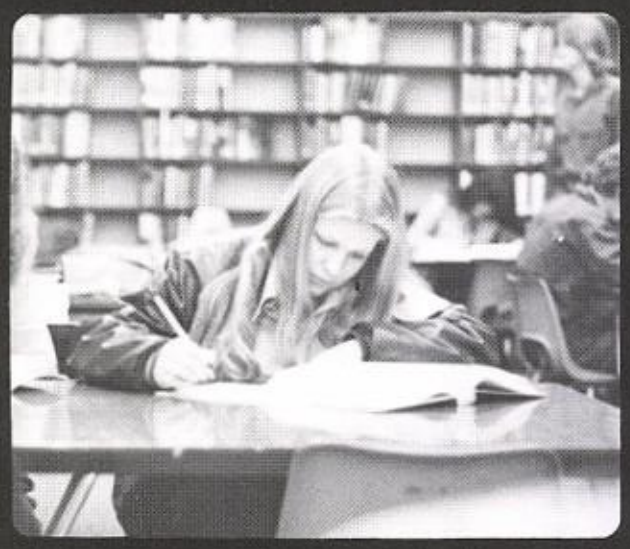
The annual inspection results once again showed the hard work of the ROTC students. They were awarded Honor Unit with distinction, which ranks them in the top ten percent of the country. A representative from the headquarters unit at Fort Riley, Kansas and the TMS from the University of Arkansas presided over the Inspection.

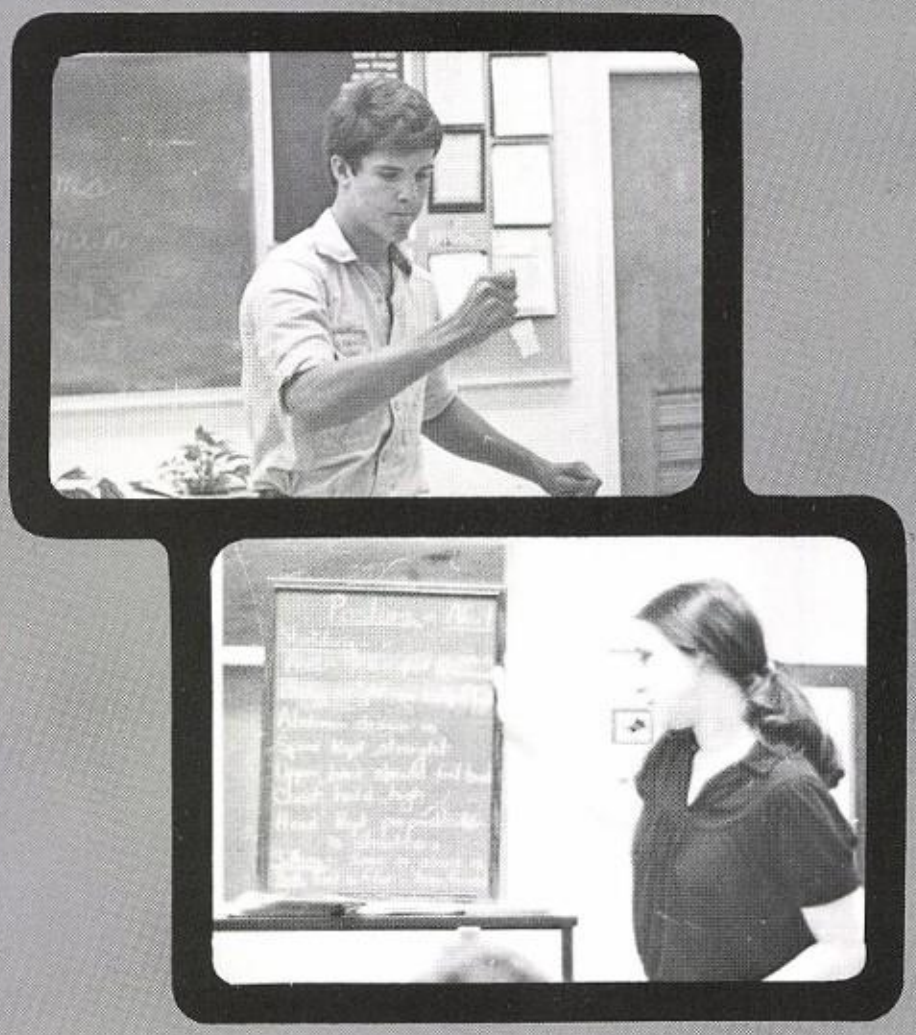






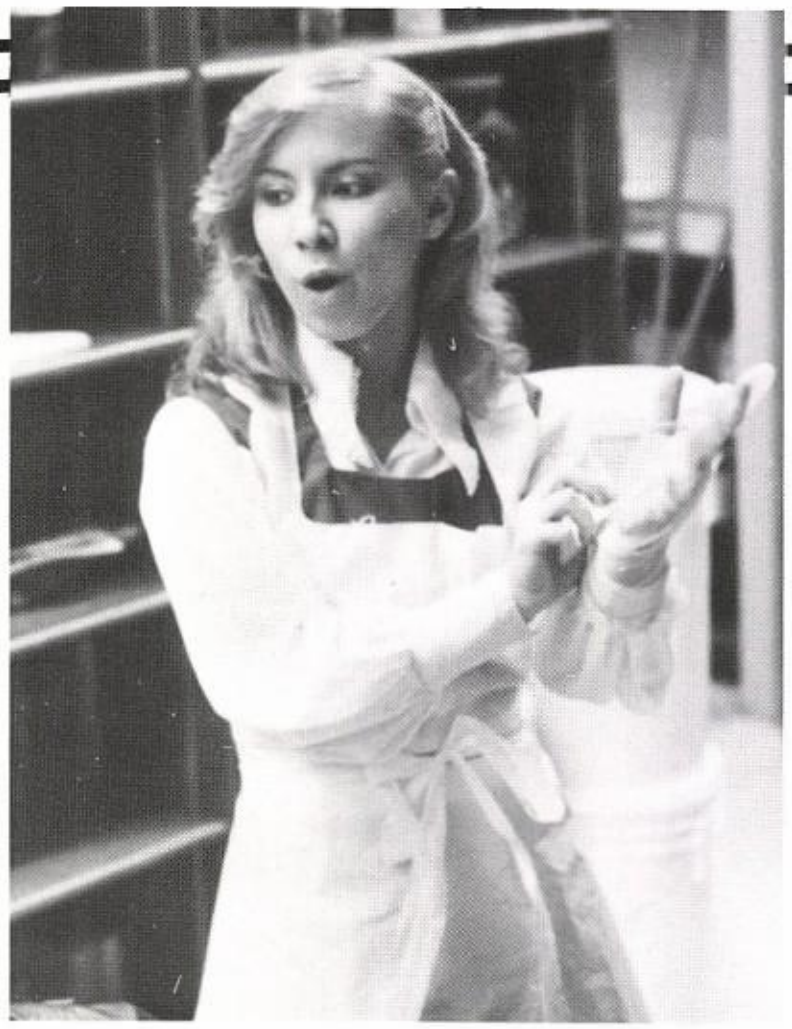


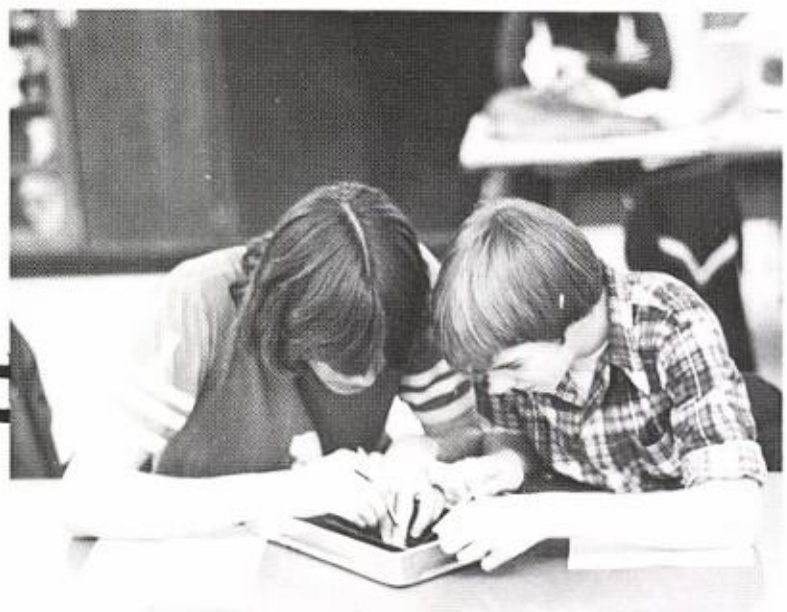




TAKE A CLOSER LOOK

ACADEMICS

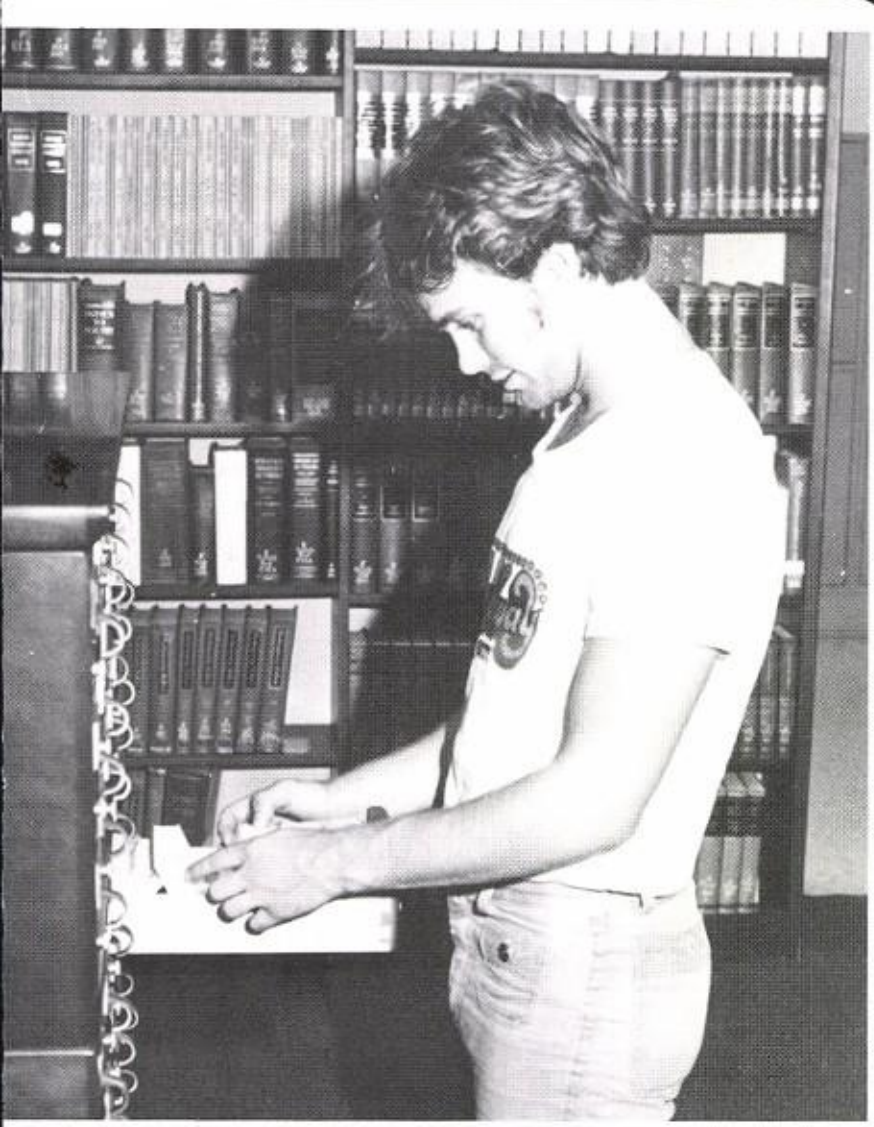




SCIENCE

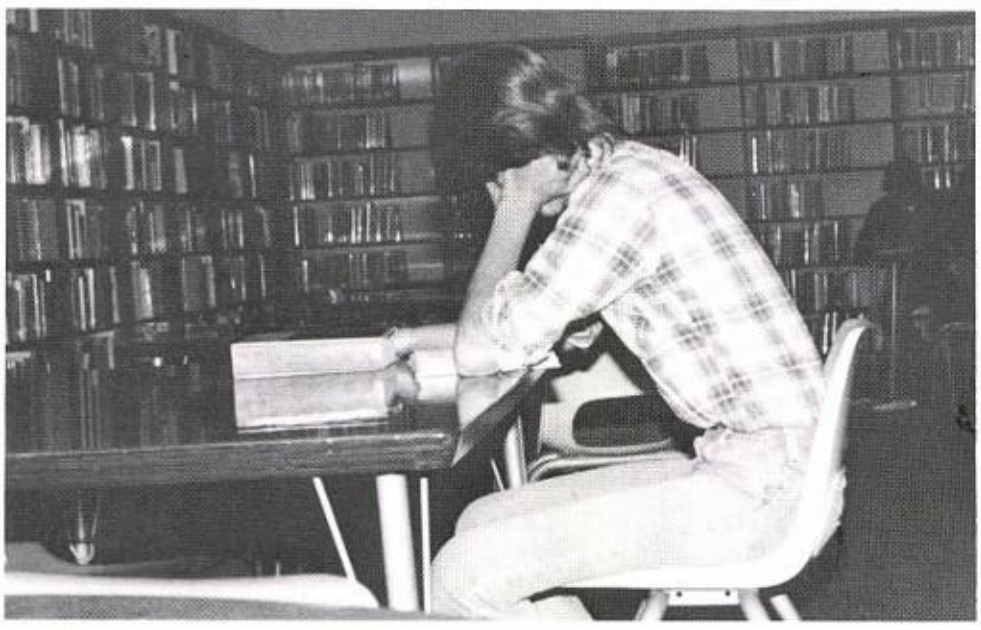
The purpose of the Science Department is to instruct its students in the areas of natural and physical science. Subjects offered in the Science Department are Biology I, Biology II, chemistry, and physics. Earth science includes the study of the earth's origin, resources, and formations. Also included was a new mini-course called "natural divisions". The biology classes continued work on the environmental study area, made field trips to St. Joseph Hospital's lab and surgical unit, and participated in new mini-courses entitled "plants and man" and "animal ecology". The chemistry and physics classes received new laboratory materials in order to continue more extensive study of lab exercises.

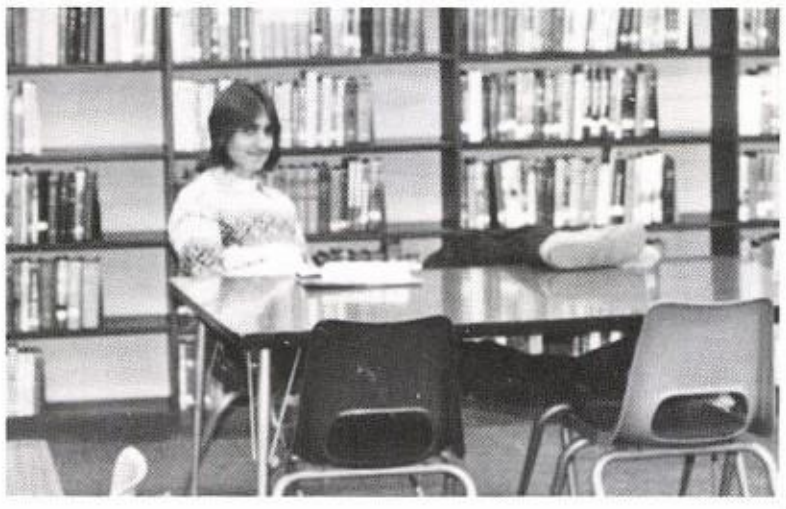
In addition, the Science Department applied for and received a portion of a $50,000 federal grant to be spent on textbooks, lab materials, and environmental study area materials. As a special honor, Lakeside was featured on KATV Channel 7 in a report on the environmental study area.



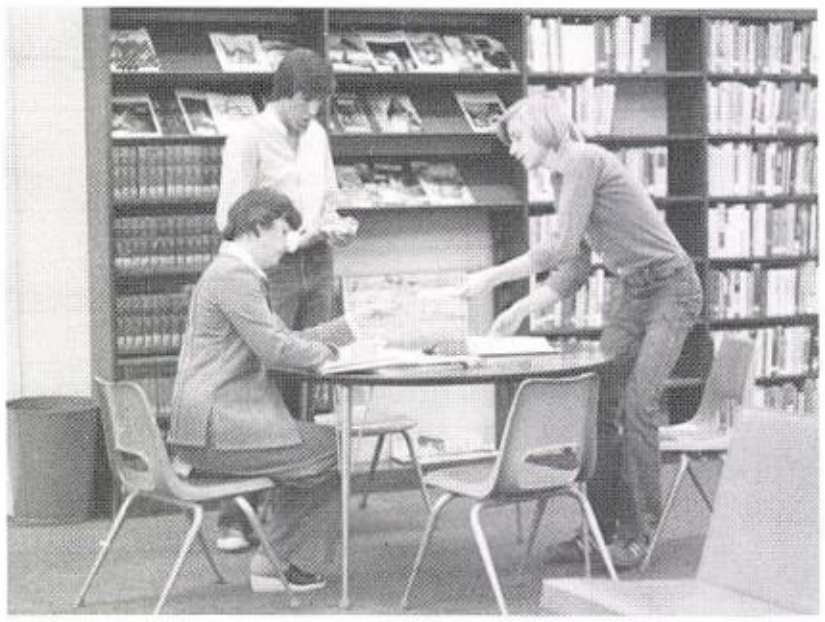
In today's society there are very few places where one can find a quiet, relaxing atmosphere, where he can go to read a book, newspaper, magazine, gather materials for research paper or report, listen to records and tapes, preview a film that he might have missed in class or just simply browse. Yet in the land of the Rams, one such place does exist, to the Lakeside student it is known as the Lakeside High Library. Amidst all the Ram activities, the library, through the efforts of Mrs. Arnold, our librarian, has maintained an atmosphere for learning and peaceful solitude.

LIBRARY



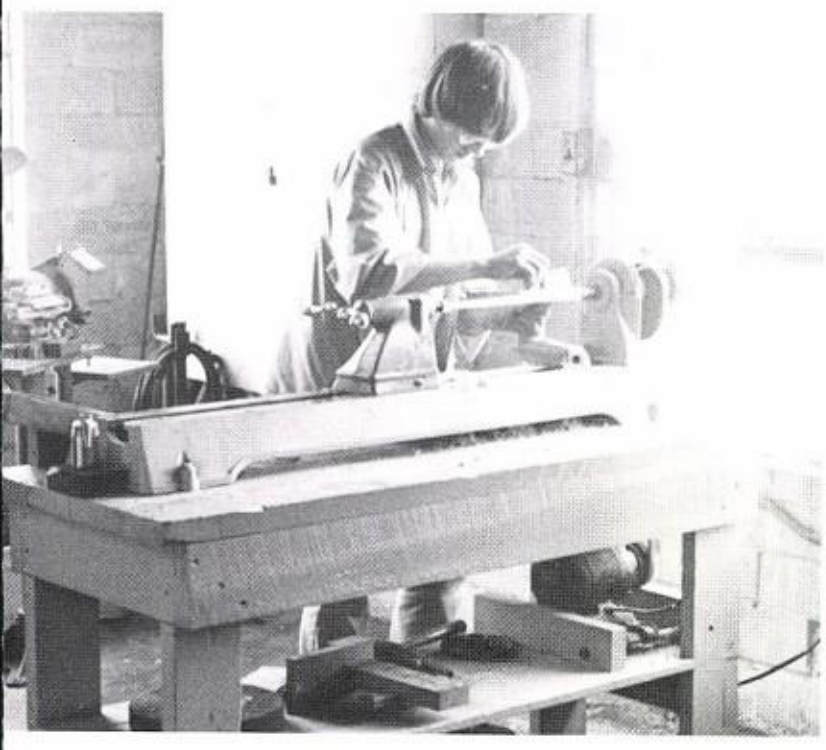


ENGLISH



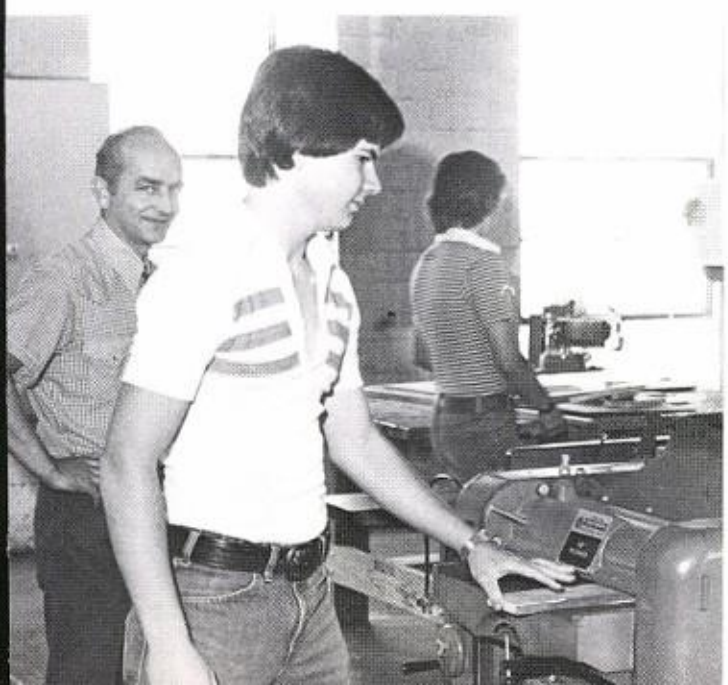
In Lakeside's four-year English program, students are taught many different aspects of grammar, develop vocabulary skills, give both written and oral book reports, and participate in any analysis and appreciation of selected works of American, English, and world literature. In addition, students also used their creative writing abilities to write journal entries, three-point enumerations, and essays. Juniors and seniors, scheduled two weeks in the school library, were required to write a complete research paper.

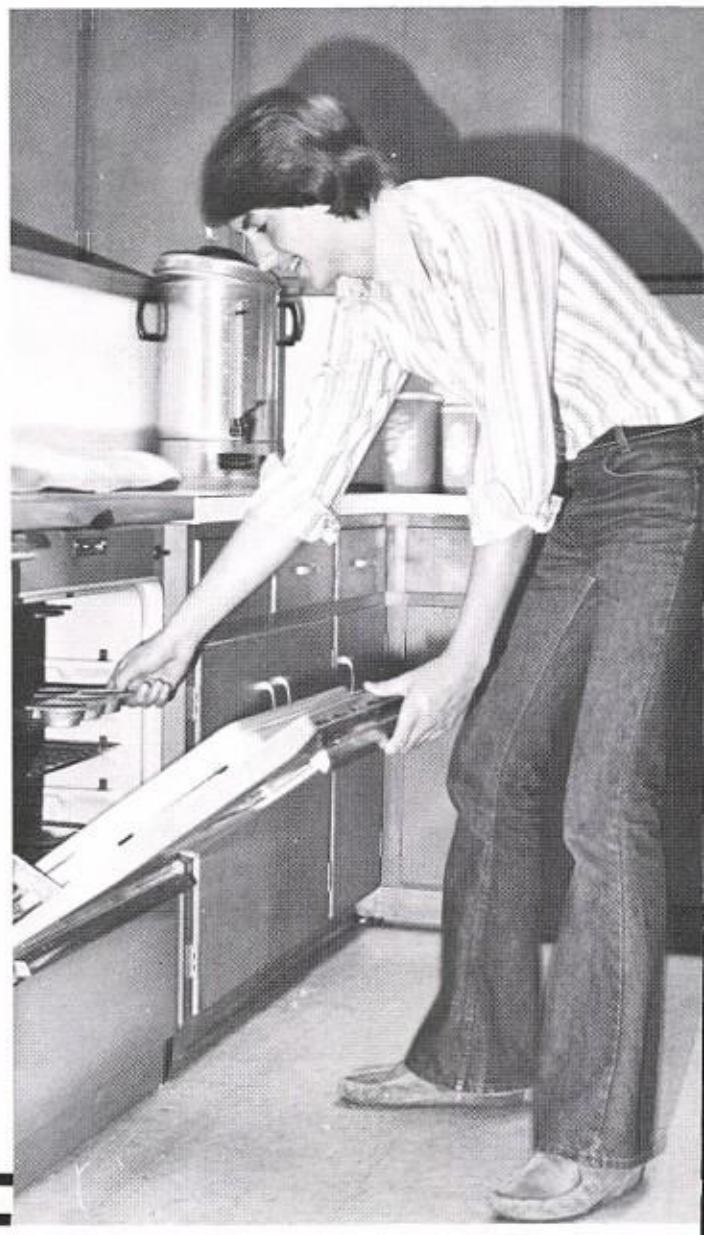
SHOP



The Lakeside Industrial Arts Department provides students with the opportunity to learn and develop good work habits. They learn to respect and use proper safety procedures while working in hazardous areas.

There are three courses offered in Industrial Arts: Woodworking I, Woodworking II, and Mechanical Drawing. In Woodworking I the students are introduced to the skills of hand and machine tools as applicable to the woodworking industry. Emphasis is placed on development of handtool skills. In Woodworking II the machine tool skills as applicable to advanced cabinet making are emphasized. Mechanical Drawing provides opportunity for students to develop basic drafting skills.





Course offerings in the Home Living Department during the 1978-79 school year included: clothing, child development, consumer management, adult living, housing, and foods. In addition to class activities, the students went on several field trips.

HOME LIVING

FRENCH · SPANISH

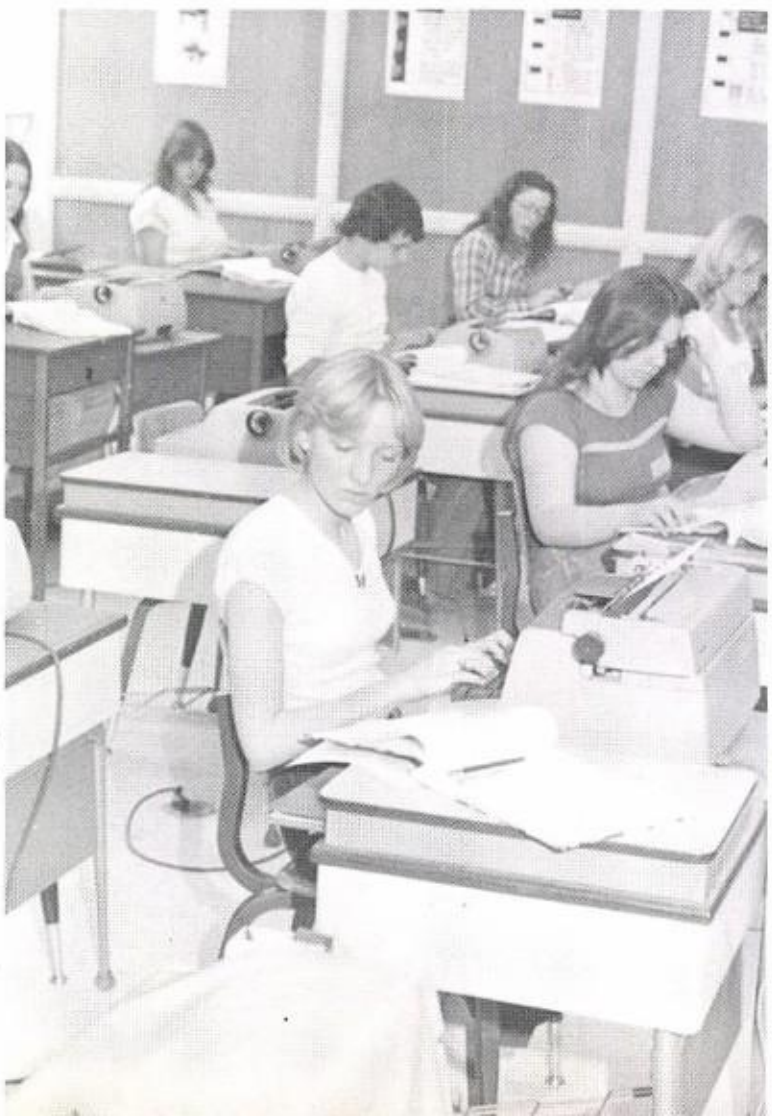
Along with experience of mastering a new language, the French and Spanish classes discovered the many aspects of French and Spanish customs, literature, and geography. The French students learned the rudiments of grammar, worked on individual projects, translated from the **Paris-Match,** and had informal conversations in French. The Spanish students learned Spanish through conversation, commonly used expressions, and question and answer sessions. They also learned pronunciation and grammar rules. At the end of the school year the French and Spanish students had gained a degree of confidence in speaking and reading ability, vocabulary, and grammar.

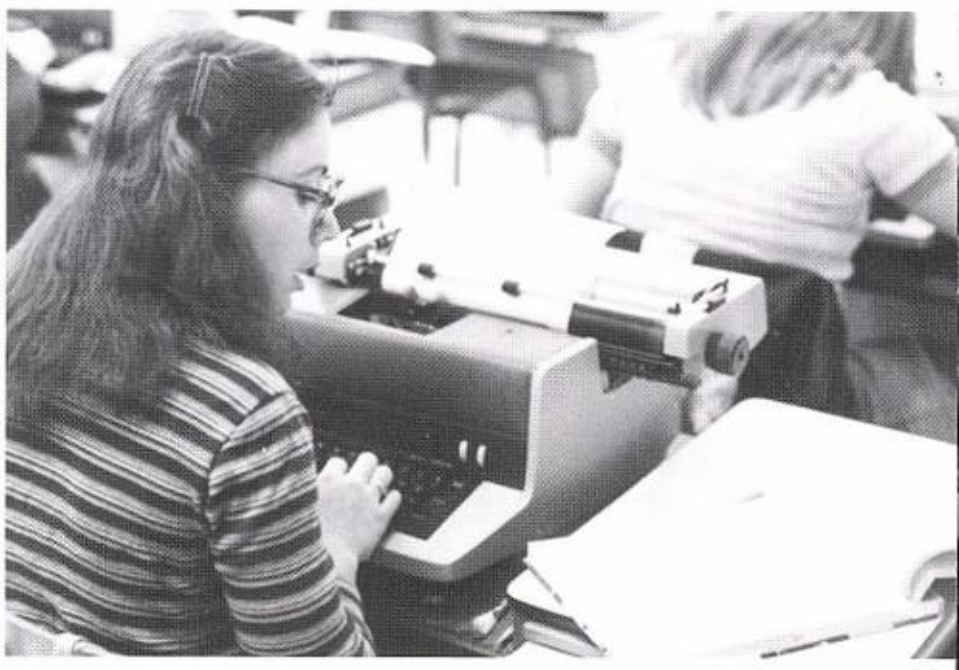
BUSINESS

Lakeside's business curriculum expanded this year. The new courses added were Shorthand II and introduction to business. Shorthand II includes learning transcription and use of the IBM transcription machine. The second semester emphasis is placed on speed building. Introduction to business was offered to freshmen who spent three weeks in typing class learning the letter keyboard. These students also explored the fields of shorthand, filing, office machines, accounting, and careers related to these fields.

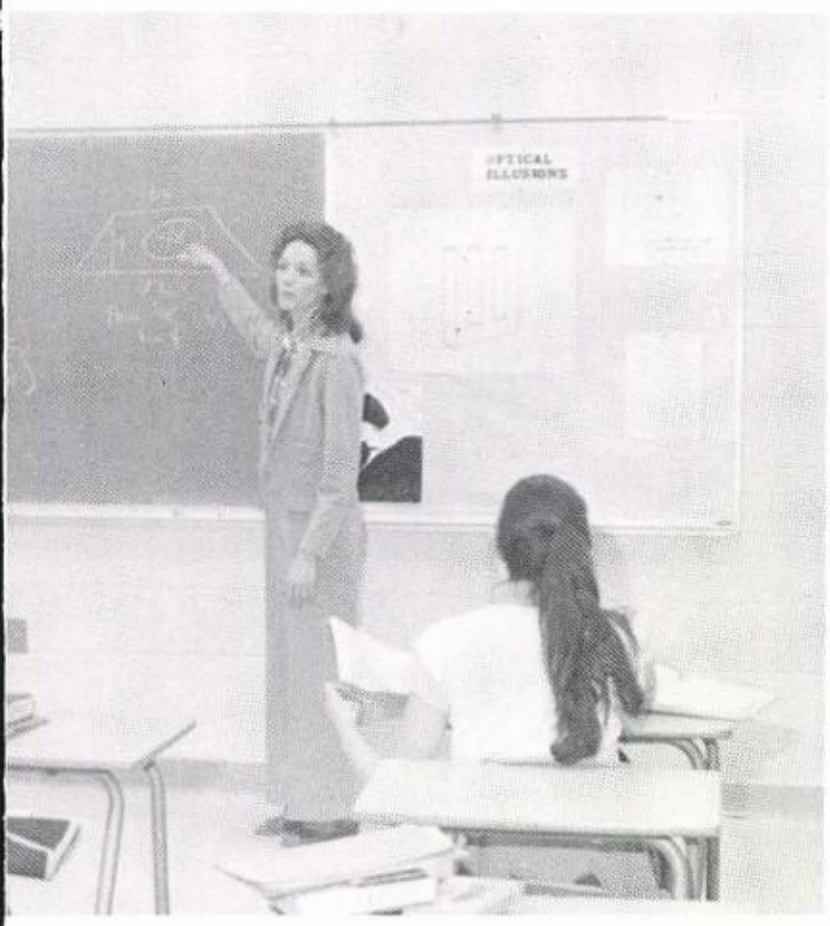
Students of business law kept a scrapbook of newspaper articles on legal matters, studied felonies and misdemeanors, made posters of the court system in Arkansas and learned about the cost of going to court and hiring a lawyer.

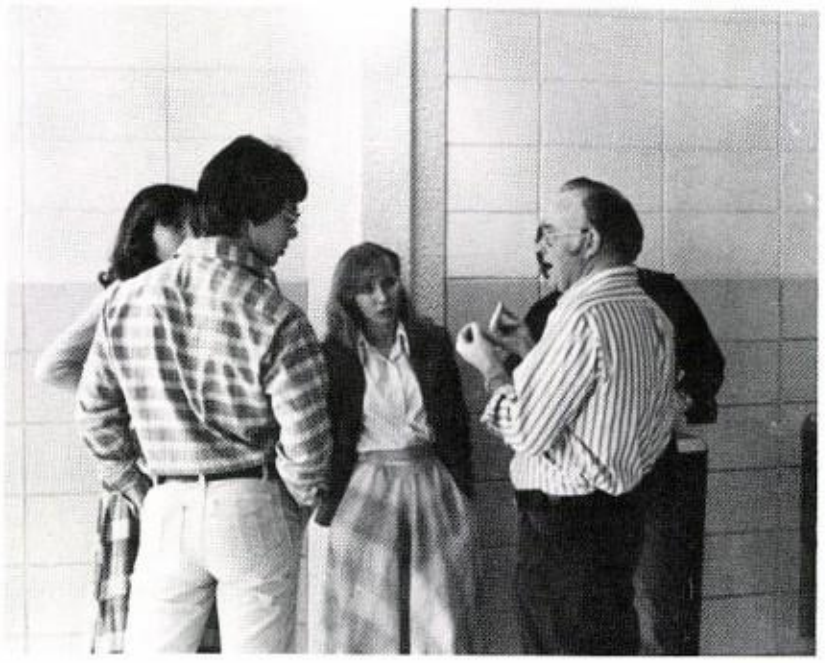
With these classroom activities, the business education department hopes to prepare its students for today's active business world.



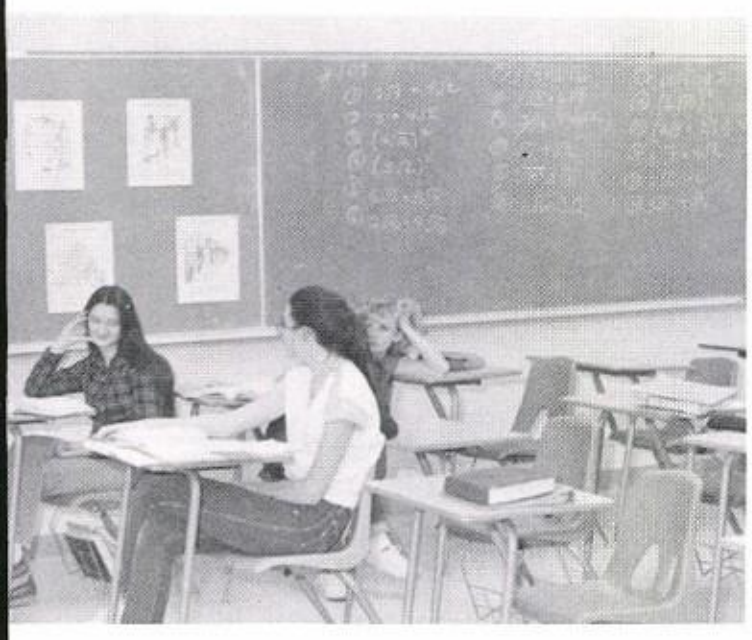


MATH





Lakeside's mathematics program consists of General Math I and II, Algebra I and II, geometry, and advanced math/analytic geometry. General Math I and II provide a strengthening of the basic skills which form a foundation for further mathematics studies. Algebra I students learn the beginning principles of Algebra, while algebra II students continue a more advanced program. Geometry is the study of math dealing with the relationships between points, lines, planes, and solids. Advanced math and analytic geometry is a combination of Algebra I and II and geometry and therefore requires these subjects as a prerequisite.

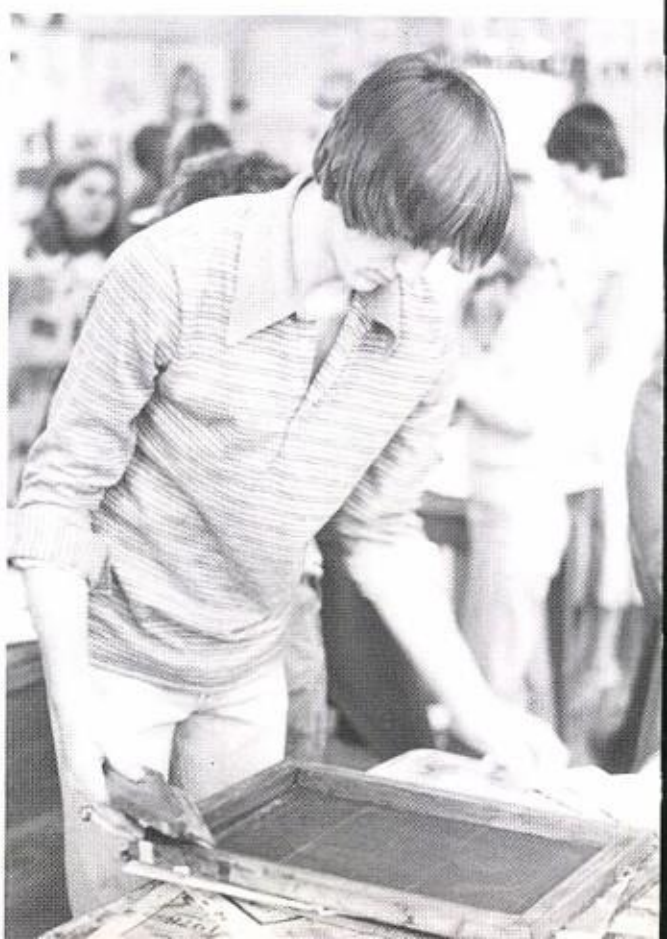


ART

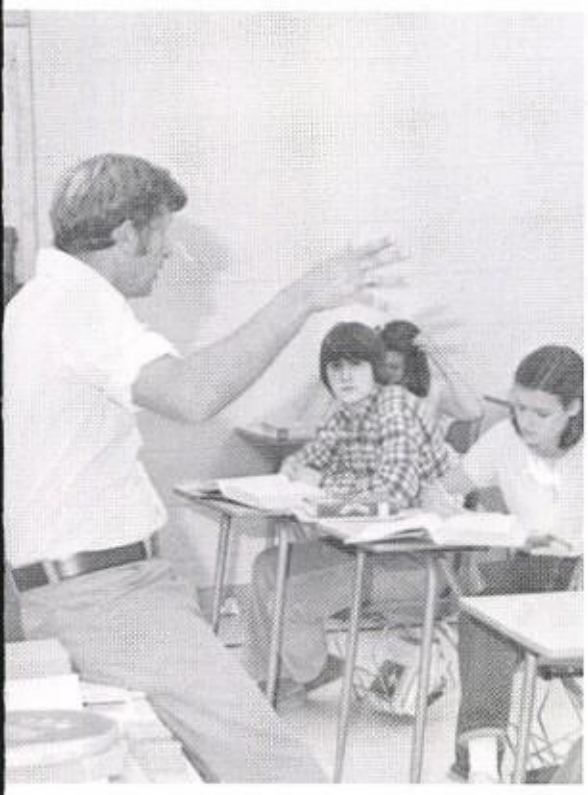
Art is one of the human pursuits which helps people become more enlightened and appreciative of the world around them. The Lakeside Art Department's curriculum encourages the appreciation of expression in the fine arts and the pursuit of personal creativity. With proper guidance in art each student can develop his imagination, can learn to think more deeply in a practical and organized way, and begin to see things in a way he has never seen them before.

Art I is a basic studio-orientation class with emphasis on design as it applies to all areas of the fine arts. Students learn the proper use of the various media and are introduced to the study of art history. Art II is a continuation of studies in design and art history with emphasis on drawing, painting, sculpture, printmaking, and commercial art. Art III consists of independent study in the areas of painting, drawing, sculpture, art history, and commercial art.

During the year Lakeside art students' work was exhibited in numerous shows throughout the state. Students in the art department volunteered many hours to assist with homecoming set designs, various school activities, and numerous civic and community organizational activities.



SOCIAL SCIENCES



The Social Studies Department strives to develop, within each individual, a more thorough knowledge of man and his activities throughout history. During the 1978-79 school year the course offerings were civics, Social Studies II, world history, american history, and contempory issues. Contemporary issues was the latest addition to the department. It was designed for seniors who seriously wanted to learn more about government and politics.

The social studies staff had two new members this year, Mr. Quattlebaum and Mr. Webb.

What is a teacher? A teacher is a member of the faculty whose goal is to provide a superior education for the students. A teacher is molding his students' characters by providing the initiative to reach high goals and to develop worthwhile ideals. Much of a teacher's work is done behind the scenes — preparing the next day's lessons, grading mountains of papers, and being involved in numerous school activities. A teacher must learn to laugh at himself, especially when he makes a mistake. For generations, students have had the misconception that a teacher is a sort of intellectual robot who knows all answers to all questions. However, this is not at all true. A teacher has a sense of humor and makes mistakes, just as everyone else does.

What is a teacher? He is an unselfish person who sees the light of the future in his students.

High Yield Forestry includes research!

Controlled pollination to help us develop superior trees is one part of our forestry research.

And research is just one part of our High Yield Forestry. Also involved are planting millions of seedlings, fertilizing, thinning, harvesting, and complete utilization of the fiber from the forest.

Besides products, our forests provide recreational opportunity, serve as a habitat for wildlife, protect watersheds, and return oxygen to the atmosphere.

Youngblood, Kerry - 35, 60, 64, 121

This has been a challenging year for the staff, Miss Tweedle, and myself. There were many sleepless nights spent worrying about pictures, copy, and deadlines. At times, I wasn't sure if I would ever survive. But I could hear Mrs. Shehane say, "We're going to make it." And you know I did!

I want to thank my staff for putting up with my grip-out sessions. You all are wonderful people and I thank you for the hard work. I would especially like to thank those people who stayed until the job was finished: Nancy Fox, Stacy Haggard, Mark Talley, Christal Crow, and Miss Tweedle.

Christal, I thank you for being a terrific assistant this year. I wish you all the luck next year, but I know you will do a great job. Miss Tweedle, I want to thank you for putting up with my dumb ideas and for supporting me all the way.

I want would like for the LHS students to know that it took hours of tender loving care to put this annual together. I hope that each of you will take a closer look at this year and treasure the memories in a special corner of your heart.

Sincerely,

Lynn Norwood

Lisa Miller
I love you,

AUTOGRAPHS

Lisa,
I really don't know
what to say, to someone
I just really got to
know this year, except
that you are a very
unique person with
a fantastic personality
Good Luck in the Future
and I hope you find
lots of happiness ~~into~~ the
Future too. "SR 80"

Can you
believe it? Love
Porey

Lisa,
I really don't know what
to say except its been great
knowing you all these years.
We have had a lot of good
times together (your parties +
just riding around) You have
a lot going for you so keep
it up. God Luck in
everything you do.
Love ya,
Toni

Lisa,
To many fun times
to write them all down.
I'll always remember the times
we had - you always make everything
do much fun. I hope and pray
u r good on pen you - on your
luck luck on and smile. I thank
make a great captain! Am really
miss you, Lisa, but time ain't
will as such other again. I don't
to tell you to always be happy,
you always will. Love ya Lisa

Lisa
My congratulations on your captains position on our Senior cheerleading squad
I don't know if your crazy or just so happy you can't keep your mouth shut anyway
I love you
Love
'90

Lisa,

Well honey! The year is almost up but you can't tell me we didn't have fun! You are one of my very closest friends (of the few I have) & I really look up to you because your always so happy (99% of the time anyway) & that's how I like a person! I can't wait 'till camp! We are going to have to conjure up alot of neato-cool funny things. I'm sure we can think of some doozies. I know your going to be absolutely terrific as capt! You are the only person who can un-depress me when I am seldomly depressed so all I have to add to this autograph is: THANK GOD FOR LISA MILLER

I love you,
TRACE

AUTOGRAPHS

Lisa,
It's been a pretty good year although I can't wait to get it OVER. I can hardly believe we will be 3rd's. Seems like yesterday when we all had P.E. together in Middle School. Remember practicing cheers on the gym floor. Like did I know you would be Capt. of cheerleaders in the years to come. Well, good luck Lisa, and I wish you a great 'SE year. Thanks for the fun times!
Love ya
Love,

Lisa, 4/9/79

Just think: Capt + Co. this year is really gonna be great. I'm so glad I got to know you better this year. I feel much closer to you. I'm very happy about you + John takin' such a loving attitude toward each other. Hopefully you to will stay together for a long time. My husband and I will agair, be requesting the honor of your + John's company. Lisa, If you ever need my ear I'm here because a lot of time "My heart doth suspect more than mine eyes doth see!" I Love You,

L.L.S.

Lisa,

We had so much fun this year! It seems like every year we get closer and closer! I'm sure we'll have some more dull classes together next year when we're Seniors! I really can't believe high school is almost over. maybe we'll both end up going to T.C.U. and seeing those guys in the orange jeep! I'm so excited about you being captain of the Cheerlead next year! you'll have so much fun and do a great job too! Good luck in the future. you're a great friend!

Love ya,

Stacy

Lisa,

You have been a close friend of mine for several years, and all the found memories I have of our friendship are stored away and when ever I need a good laugh to cheer me up + you aren't around ☹ I can just remember what a great friend you are and the great times we have shared together and that's enough to make anyone happy.

What can I say about your future. You know you have all my wishes. I hope in whatever you do you succeed and are always glowing and happy. You just wouldn't be Lisa without a smile on your face. And what ever you do stay crazy. (The woman of a 100 hats and sunglasses)

We have had many good times in that Green Rabbit and have found ourselves in many exciting perdicaments, and then again we have found ourselves in some spots we wish we could forget. I will never forget in all my life that night you gave that man 2 dollars to get his car washed. (Need I say more?) Lisa you are a sweetheart and have a one in a million personality.

Good luck next year CAPTAIN with all your cheerleaders. You know you have all my congratulations!! I'm looking forward to next year. Just think we'll be Seniors —— and then we will all probably go our separate ways. We should enjoy our good times together while we can. Good luck always + God Bless you. I Hope you + John are always happy together.

Love always,
Joy

Elisa,

Spanish has been fun this year except for Mrs. Markell. Good luck as a senior and Captain of the cheerleaders.

Friends always,
Pablo

Lisa,

Where can I begin? I swear I feel so close to you that you probably know everything I'm going to write. Sometimes I think you know what I'm going to do before I even tell you. You are more than just a friend to me. You might not think that is possible but our friendship means more than words to me. Although, we've had our little differences lately nothing or no one can change what we've done together. The wonderful times I've spent with you will always be remembered. I can hear myself now telling my children the silly things we've done in your green rabbit. That car is like a special part of my life and it just seems to be part of our friendship. I think I will cry when you sell your car. You have done so much for me and I often take it for granted. All the times you take me everywhere the money you loan me. Those are just some of the little things you've done. They are appreciated and I hope some day I can repay you for the special things you've done. The biggest thing you've ever given me was your friendship. It is so unique and I will never be able to find a friend as great as you. I just wish I could spend the rest of our lives together but I know we will have to go our separate ways. You know how insecure I feel without someone right by my side and it is going to be hard to find anyone else as great as you to tag along with me. You take alot from me like my bad moods and often I don't think of anyone but myself but you understand me with my ups and downs.

Well Lisa I'm so glad you're happy now. I guess you are having the best time of your life now. I know John means alot to you and he's really lucky to have such a beautiful girlfriend. You deserve him and I'm sure y'all will go a long way together. So you made cheerleader and to top it all off captain. I wish you the best of luck because you will have alot of decisions to make but knowing you as well as I do I'm sure you will do a great job. Just be ~~yourste~~ yourself and don't let anyone change you.

You have my friendship whenever you need me. I hope you will continue to listen to me when I want to act crazy, laugh, or cry. I'll always be here and remember I love ya. Your friend, Jan

Lisa, (COZ)
I consider myself
lucky to have found
a friend
like you. We've known each-
other for a long
time (since we
were babies!) And
every year I love
you more! You are
so sweet and a
great friend. I was
so happy for you
when you got capt.
I'm sure you will
be FANTASTIC! In
the years to come I
hope we stay in touch.
Your a friend for life.
I'll always be behind
you in everything you
do. I'm sure you will
be a BIG success!
MAY GOD BLESS you.
GOOD LUCK in the
future! Love always!

Lisa,
I really think you deserved getting captain! I can honestly say that you're the nicest junior (senior-to-be) of anyone I had a (one of the cutest to be) class this blast being in your class this year! You should feel real lucky having me in your classes next year. HA HA HA Maybe if your lucky I'll be in one of your classes next year. HEE HEE Really I would be lucky! Good luck as captain next year, I know you'll do a good job! Love, Steve

(P.S. When I get a car I'll pay you back for the joyride in the snow!

Marissa,

Honey, I love you!!!
We've had some crazy times together in these past couple of years. I can't believe we're almost seniors!! Congratulations on Captain of Cheerleaders. I always thought you deserved it no matter what. Lets stay crazy in this next year to come and we'll have the best SENIOR class that ever came out of K.H.S. Keep your personality forever and you'll always stay fantastic as you are now.

Love,
